GOV. NEFF CALLS FOR INTEREST IN PRECINCT PRIMARIES \$3000 PRIZE OFFER AND SUBSCRIPTION CONTEST LAUNCHED

Council Withholds Action On Paving Cancellations

H. A. FUCHS CANDIDATE FOR CO. COMMISSIONER

BUCKHOLTS MAN WANTS TO REPRESENT PRECINCT ONE ON COURT.

H. A. Fuchs of Buckholts has announced his candidacy for Commissioner of Precinct No. 1, subject to the action of the Democratic Primaries in July. The announcement that he will make the race was made while Mr. Fuchs was in Cameron Monday.

Mr. Fuchs has been a citizen of Milam county for 30 years, having resided in the same neighborhood for the length of time. He has made a success of his own affairs and is the type of man who would make a good representative of the people on the court from Precinct No. 1.

He asks the support of the voters and pledges his best efforts in the event of his election.

Mr. Fuchs has always taken quite an interest in all matters pertaining to the betterment of his community and county.

He has had considerable experience in road matters. When the bond issue was voted at Buckholts several years ago, he was selected as a member of the road committee to cooperate with the commissioners' court relative to the expenditure of \$115,000 bond issue.

After the construction of the highway in the Buckholts Precinct and the lateral roads in said district he has been quite active in the maintenance program.

GOOD ROADS.

Hordes of autos now remind us
We should build our roads to stay,
And departing leave behind us
Roads that will not wash away.
When our children pay the mortgage
Fathers made to haul their loads
They'll not have to ask the question,
"Here's the bonds, but where's the roads?"

D. A. McLane was able to be out Monday for the first time in several days, having been badly crippled up from sticking a needle in his foot.

City Hears It Has No Ordinance to Enforce Sewer Connections

The city has no legislation now in effect to enforce connections with the sewer system.

That is what City Attorney Webb told the council Tuesday night when a delegation headed by Dr. G. E. Sutton came before the council to ask for protection for the public health.

The city attorney was instructed several months ago to enforce a compliance with the instructions for all property owners to connect with the sewer lines but so far as has been learned no general compliance with these instructions has been met on the part of the property owners.

The city council asked the attorney to bring an ordinance before the next meeting which will be on March 18.

Mrs. H. F. Smith, Jr., Mrs. B. P. Matocha, Mrs. E. V. Ferguson and Mrs. T. J. Denson representing the civic league came before the council to pledge co-operation in the sanitary campaign to start on Monday March 10 and with this committee

(continued on page four)

Petition asking that paving be not laid on the street from the Santa Fe tracks west in front of the Cameron Machine shop to the corner of the Meyers shop was presented to the City Council Tuesday night by Judd G. Davis representing others who had signed the petition.

The council took no action on the matter but acted favorably on a petition presented by property owners asking that the street fronting the Peter Company, Ice Plant and Henriksen's Bottling Works be paved. This street will be paved along with the other blocks in the contract, although not a part of the original contract.

The council would not act on the petition of Mr. Davis for the reason that it appears that an expression had not been obtained from all the property affected and for the further fact that the precedent to have been established might lead to protests from other blocks included in the contract. It is thought the city

(continued on page five)

BAND CONTRACT SIGNED BY ORDER OF COUNCIL

JACK FOSTER IS DIRECTOR AND CITY AGREES TO ADDITION- AL EXPENDITURE.

Tuesday night the city council voted to instruct the Mayor and the City Secretary to sign a contract with Jack Foster as director of the band for the ensuing year and also that an added expenditure not to exceed \$420 was voted by the council for the second time with the past two months.

The contract had been in the hands of the finance committee of which O. M. Smith is chairman with instruction to iron out the details but the committee did not report. The council after hearing the band delegation with T. S. Henederson, Jr., as spokesman, voted to conclude the contract at once to secure the band intact for another year.

If all the taxes are collected the band fund will have in it \$2,074 annually on the present valuation and the instructors contract is for \$1800.

CLEAN-UP CAMPAIGN FOR CITY BEGINS ON MONDAY

PEOPLE URGED TO LEND FULL EST POSSIBLE CO-OPERA- TION TO THE CITY.

Monday morning the Clean Up Campaign will begin in Cameron. The people are urged to give the fullest possible co-operation to the campaign and to assist Dr. G. E. Sutton, sanitary officer and others who will be associated with him from the various civic organizations.

It is the plan to conduct the campaign through to March 22 in order that the city may be thoroughly covered and every possible safeguard be taken to protect the public health. All details of the clean up will be in charge of Dr. Sutton and the full co-operation is expected.

Mrs. Geo. Thomas spent Sunday in Hearne.

THE HERALD ANNOUNCES A BIG CIRCULATION DRIVE

One Essex Coach. One Chevrolet Touring car and Several Other Valuable Prizes and Cash Commission Checks to be Award- ed Ladies of This Section.

The Cameron Herald today makes an announcement that will be of interest to every Herald reader and to the whole citizenship of this county. There are few people who do not know the strides that the Herald has made in the hearts of its readers. For 46 years this paper has been recognized by all as a leading institution in this section, a paper that stands for an issue and a paper that works for the good of the community.

Any newspaper man will tell you that a certain amount of circulation is absolutely required for the success of a newspaper—more or less an investment to the newspaper man. However, there are more things to be looked at in this case. Increase in our circulation means a better advertiser for the business man and a better medium which we may strive to improve the conditions of our town and our community. We realize that so far as these two purposes are concerned we can never reach the culmination of our improvement, consequently we are announcing our tremendous circulation drive.

This campaign which starts on next Monday, will bring more than 3000 subscriptions and if all the friends of the Herald throughout this territory lend their aid the close of the campaign will mark another great forward step in the development of this section's leading newspaper.

This is a project in which every citizen, and especially every business man of this county should be greatly interested. The development of The Herald, the newspaper which stands first of all for progress and development of the city and territory, means the development of the most powerful influence possible for the upbuilding of the community.

The Herald therefore now launches a profit-sharing, circulation building campaign with the hearty co-operation of many of the most influential men and women of the county, the purpose of which primarily is to fur-

ther increase the influence and prestige of The Herald through its readers and friends, each of whom will be given the opportunity of becoming the owner of valuable prizes without the investment of one penny. Any lady is eligible to join—young or old. Any man is eligible to help. Once a candidate, you are given a rare chance to make use of any spare time you may have to secure for yourself any of the splendid prizes and cash commissions—its size depending entirely upon the interest you have in the campaign.

The plan adopted for distributing the gifts is the fairest and most impartial imaginable. Friends and readers of this paper are to decide the winners of all prizes, even the automobiles. Free votes will be the means by which the big winners will find the ground broken for him or her, and the plan of this entire campaign is so simple that it will appeal to you once you have read the announcement in the big advertisement in this issue. The Herald has provided that every participant who takes active interest in the campaign shall be handsomely compensated for their time and effort.

NOMINATE YOURSELF.

As you will discover by reading the announcement elsewhere in this issue you can nominate yourself as a candidate and your nomination counts for votes right at the start. If you do not wish to nominate yourself, you have the privilege of nominating a friend and thus helping him or her to win a valuable award. It costs nothing to become a candidate or to secure one of the biggest of the prizes, the \$145.00 Essex Six Coach or the \$588.11 Chevrolet Touring Car. You are not bound by any specific requirement and it is not required that you be a subscriber to The Herald. You can devote just as much or as little time as you please to the pleasant efforts of vote getting with the assurance that you will be

(continued on page six)

FUNDS ARE RAISED FOR THE SALVATION ARMY QUARANTINE IS PLACED ON SMALL POX CASES

PEOPLE RESPOND TO APPEAL FOR HOME SERVICE CAN- VASS BEING MADE.

"A Man May be Down but He is Never Out," is the slogan of the home service appeal of the Salvation Army and the people of Cameron have responded liberally to the program, wishing to aid the man who is down but not out.

The American Legion sponsored the drive in Cameron and it was said today that approximately \$500 would be collected from the people for this work.

A. C. Dunn, special representative was in the city Wednesday. The offering at this time is for state work. The headquarters for the southwestern division composed of Texas and Louisiana is at Dallas. The quota for Milam county has been set at \$1,000 and it was predicted by Mr. Dunn before leaving that the amount would be raised.

T. F. Hardy is chairman; J. C. Tucker, Treasurer and A. F. Mitchell, secretary.

CITY TAKING PRECAUTION TO PREVENT SPREAD OF DISEASES.

Wednesday it became necessary to place a quarantine at three residences in Cameron on account of the existence of small pox.

Dr. T. G. VanZant returned to Cameron Thursday and has taken charge of the situation and will enforce a rigid quarantine against all persons and premises where small pox is found to exist.

General vaccination has been ordered, especially among those who have been exposed to the disease and to take precautions in the public schools.

It is not thought probable there will be a general spread of the disease but warnings are sent out that the people be careful in every way and to cease all unnecessary gatherings until after the epidemic symptoms have passed. All interested parties may communicate with Dr. VanZant for particulars.

JOHN W. BARRETT FOR TEXAS DELEGATION TO COMMISSIONER PREC. 1 NEW YORK IMPORTANT

FORMER COMMISSIONER AD- DRESSES STATEMENT TO FRIENDS AND PUBLIC.

I am announcing myself as a candidate for Commissioner of Commissioners' Precinct No. 1, composed of Beats No. 6 and 7 of Milam County, subject to the action of the Democratic Primary to be held July 26th, 1924.

I served this Precinct as Commissioner eight consecutive years, from 1910 to 1918, and my record while on that Court was open and generally known to all persons interested in the affairs of the county.

Since my term of office expired, I have been hard at work in the field, and I have now decided to become a candidate for the position which I occupied so long, and the duties of which I discharged with that fidelity which I hope and believe has never been questioned. If I shall receive the favorable consideration of my friends, and be entrusted as

SANFORD GORE IN RACE FOR COUNTY TREASURER

ROCKDALE MAN OFFERS FOR COUNTY OFFICE SUBJECT TO PRIMARIES.

Sanford Gore of Rockdale, announced his candidacy Monday for the office of county treasurer of Milam county, subject to action of the July Democratic primary.

Mr. Gore was reared in Milam county, having come to this section when he was 7 years of age. Mr. Gore for 24 years was engaged in business in Thorndale and is well known to the people of the county.

Mr. Gore said that he believed in rotation in office and will make an active canvass for the office, hoping to see every voter in the county personally.

Mr. Gore is a man of wide business experience, having been active in business for many years at Thorndale. He is capable and if elected will bring to the office the benefit of business experience and promises a

Goods Stolen From Store In Rockdale Are Found In city Dump Grounds

NEAR EAST RELIEF IS AIDED BY PEOPLE HERE

COMMITTEES CANVASS FOR FUNDS SUNDAY AND GOOD COLLECTION REPORTED.

The appeal of 60,000 Armenian children who live in the shadow of famine and death found ready response from the good people of Cameron on last Sunday afternoon when the committees canvassed for funds.

At 1:30 o'clock the committees met in the office of O. L. Kidd and were assigned districts, the work of canvassing for funds was completed Monday. It was estimated that about \$600 or \$700 would be raised for the work.

Practically all the donations were made in cash and few pledge cards were signed.

The people of Cameron have responded very liberally for this relief

MAKES PLEA FOR SELECTION OF STRONG DELEGATION TO CONVENTION.

Speaking before a mass meeting of citizens in Corsicana last night Governor Patt M. Neff told the people that as good citizens they should take an active interest in the primaries to name delegates to the county, state and national Democratic convention. The Governor declares that the next standard bearer for the party must be courageous to defy the sinister influences in America and must stand strong for the enforcement of the law and against any modification of the prohibition laws.

The Governor said in part:

"The people of Texas have twice elected me to the second highest office beneath the American flag—the Governorship of Texas. This is an honor that can come to but few. In order that I may, in some measure, fittingly acknowledge the debt of gratitude I owe, and in part compensate the democracy of my State for the confidence reposed in me, I am always glad of an opportunity like this to discuss with the people the duties and obligations of good citizenship. I would indeed prove myself unworthy the honors bestowed upon me, if I did not now, and during the coming years, gladly work wherever and whenever I could be of greatest service in promoting the principles of good government, and in the making of my State and Nation a better place in which to live.

Meeting as you have here tonight, in the furtherance of right thinking and good government in Texas, may we not pause a moment to speak seriously concerning right thinking and good government as citizens of the world's greatest nation?

These are testing times for the American Republic. We are at this time witnessing in our National Capitol, a series of startling disclosures which tend to prove that trusted men, high in the political councils of the Nation, have sold for money their official integrity and political influence to those who sought to procure without proper compensation the properties of our government. Those high in office, selected to be the guardians of our govern-

(continued on page seven)

Recovery of about \$4,000 worth of merchandise stolen from the Seabrook & Hicks store at Rockdale last Wednesday night was reported to the office of the sheriff this morning.

Some boys found the goods in sacks under rubbish in the city dump grounds north of Rockdale. It was said at the office of the sheriff that all but approximately \$1,000 of the goods missing was recovered.

This is thought to have been the work of local thieves and is one of the biggest burglaries in recent years. No arrests had been made up until night Thursday.

work and Mr. Kidd as well as Roy Backin wish to thank the people and those who gave their time for the canvas.

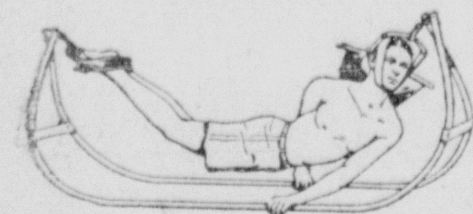

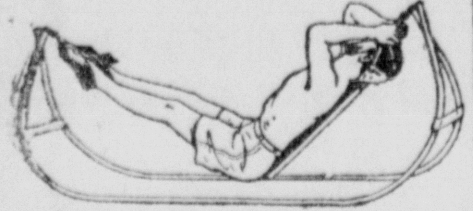

Sherwood Owens, who is attending school in Terrell, made a short visit to his parents, Mr. and Mrs. John Owens, this week.

What the World Is Doing

AS SEEN BY POPULAR MECHANICS MAGAZINE

Exercise in Hammock Helps to Reduce Weight

To exercise the parts of the body in which fat accumulates, and help users improve their physical condition, a revolving hammock has been invented. It is

aid to stretch the spine and the muscles, stimulate circulation, and reduce weight. The device consists of a metal framework, with stirrups at one end and head grip at the other. A strap goes under the chin. Canvas webbing, shaped like a "Y," supports the body.

Farms in Cities Predicted in Seventy-Five Years

Small farms within the city limits, double and triple-decked streets, and greatly enlarged traffic accommodations of all kinds, will be needed by New York within the next seventy-five years, it is predicted, to care for the 29,000,000 inhabitants who by that time are expected to call the city their home.

Navy's Electric Fleet Has Power for Giant Tasks

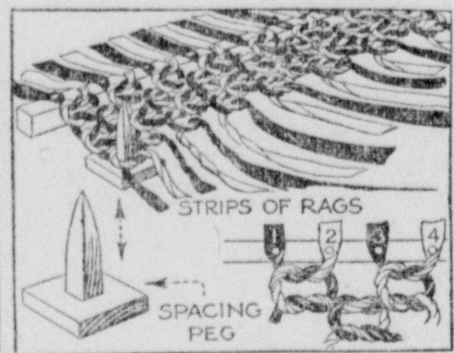

Electric energy generated by the six battleships propelled by electricity now lumbered among the navy's fighting craft, according to engineers, if applied to other tasks could furnish sufficient power to run 5,200 street cars or pull forty-eight pas-

senger trains. A mountain of solid rock 5,000 feet high and the same distance through the base, if placed on an immense jack, could be lifted by the force required to operate the vessels, at the rate of a foot a day. Connected to pumps, it is enough to drain Lake Michigan at such speed that the level would be reduced ten feet a year, or it could light, heat, and furnish power to 600 towns with populations of 5,000. Were it possible to use the energy in artillery, 200 tons of shells could be shot onto the moon each day.

Simple Method of Making Rag Mats

Excellent doormats can be made at home from strips of rag or burlap. The strips must all be of the same width and twisted until they are about the thickness of a finger. The strips are tacked, about 4 in. from one end, to a length of wood, and are spaced $\frac{1}{4}$ in. apart. The width of the mat depends on the number of strips used, which must be an even number.

After fastening the length of wood to a table or bench, the strips are ready to be woven, which is done by tying them together with "square" knots until the mat is completed. The first knot is tied with the first and second strips, the second knot with the third and fourth strips, the third knot with the fifth and sixth

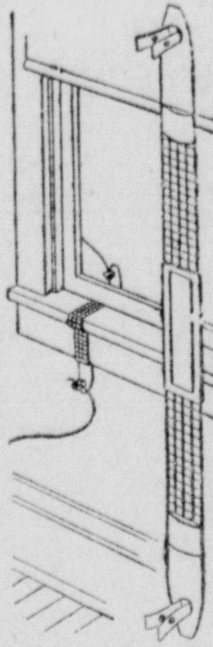

strips, and so on to the end. The second row of knots is begun by tying the second and third strips, then the fourth and fifth strips and so on. The knots

are all tied in the same way, and the method of doing this is plainly shown in the detail. A spacing peg must be used, so that all the knots will be of the same size; the knot is tied around the peg, which is then slipped out. The peg should be about 1 in. square and tapered to a point.

Lead-In Fits under Windows

Fitting under a closed window, a flexible lead-in now on the market should prove popular with radio fans. The lead-in is thin and flat, and can be bent to any shape to fit closely to the window ledges. It is covered with a fire-proof, insulating material which prevents grounding of circuits on wet window sills, and eliminates the necessity of drilling holes and fitting porcelain tubes in the window frames. Tabs are provided at the ends for soldering the down lead from the aerial and the lead to the instrument. The fitting will prove of special benefit to radio enthusiasts living in apartments, where the drilling of window frames is usually prohibited.

Preventing Windows from Steaming

Steamed and frosted windows are a source of annoyance to many housewives as the moisture not only obstructs the view but also soils the glass through the accumulation of dust when sweeping or cleaning. A cloth bag containing a few spoonfuls of tobacco, placed in the water used to wash the windows, will overcome this trouble and will also impart a clear, crystal effect that is very pleasing.

STOP-LOOK-LISTEN DANGER JUST AHEAD

HASTINGS DECLARES PRESENT SOUTHERN FARM TREND DANGEROUS.

Atlanta, Ga.—(Special.)—"Unless the present farm trend toward increased cotton acreage in 1924 is checked within the next two or three months, disaster will stare our farmers in the face next fall," declares H. G. Hastings, leading agricultural authority and Chairman of the Farm and Marketing Bureau of the Atlanta Chamber of Commerce.

"On every hand comes reports that the farmers of the South are planning and preparing for a large increase in cotton acreage over the already excessive cotton acreage of 1923, and, with the labor shortage, this inevitably means a decrease in food and grain acreage.

"When will our cotton growing folks learn the lesson that big cotton acreage in a favorable or even near favorable season means more cotton than the world can take care of promptly and a price smash resulting that brings either farm bankruptcy or financial crippling to our people?"

"There was enough cotton acreage in 1923 with even fair growing seasons to have made sixteen to eighteen million bales and a price of 10 cents, or thereabouts. The only thing that saved us from our own folly in 1923 was Providence stepping in with heat and drought west of the Mississippi River and excessive rain and boll weevil in the Southeast, the two combined cutting the crop to ten million bales.

"Stop—Look—Listen! is a common form of sign at dangerous railroad crossings. The present cotton situation and present abnormal high price ought to be a Stop—Look—Listen sign to every farmer in the South who is even remotely thinking of adding cotton acres and cutting down food and grain acres in 1924.

"It's a 100 to 1 bet that they will lose whichever way things go. If bad seasons and boll weevil don't get them, a price lower than a paying one will. If there was ever a time in the history of the South when the cotton farmer in the South ought to play safe, it is in this year of 1924.

"The South and the individual farmer in the South will never accumulate farm wealth until he quits gambling in cotton, gambling through big acreage plantings at high price periods, and produces, as a steady year in and year out policy, all the food and grain needed for home needs on home acres."

SHERIFF'S SALE.

THE STATE OF TEXAS

County of Milam.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Milam County, on the 5th day of March 1924, by Penn Wolf, Clerk of said Court for the sum of Five Hundred Eighty-five and 96-100 (\$585.96) Dollars with interest and cost of suit, under a judgment, in favor of T. H. Freeman in a certain cause in said Court, No. 8936 and

styled T. H. Freeman vs. Artitia Hill et al. placed in my hands for service, I, D. S. Rogers as Sheriff of Milam county Texas, did on the 5th day of March 1924, levy on certain Real Estate, situated in Milam county, Texas, described as follows, to-wit:

Two tracts within the Levi Taylor league on or near the Barzos River in the northern portion of Milam county near the village of Baileyville, one a tract of 89 1-3 acres and the other a tract of 45 1-4 acres, both known as Artitia Hill land, and being parts of a 178 2-3 acre tract formerly known as the Shugart land, the 89 1-3 acre tract being the lower half of said 178 2-3 acre tract and the 45 1-4 acre tract being a part of the upper half of said 178 2-3 acre tract.

And levied upon as the property of Artitia Hill and W. P. Hill and E. L. Roberts and that on the first Tuesday in April 1924, the same being the 1st day of said month, at the Court House door, of Milam County, in the

City of Cameron, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above Real Estate at public vendue, for cash, to the highest bidder, as the property of said Artitia Hill and W. P. Hill and E. L. Roberts.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Cameron Herald, a newspaper published in Milam County.

Witness my hand, this 5th day of March 1924.

D. S. ROGERS,
Sheriff, Milam County, Texas.
By P. S. Graves, Deputy. 43-3t

Use Blue Star Remedy for Eczema, Itch, Tetter or Cracked Hands, Ring Worms, Chapped Face, Poison Oak, Sunburns, Old Sores or Sores on Children. It relieves all forms of Sore Feet. For sale by all Druggists. If

HERE'S WHAT PEOPLE SAY ABOUT TANLAC

"If it had not been for Tanlac I would still be a sick, discouraged woman, for nothing else seemed to do me any good," says Mrs. Edward Gibbs.

All the advertising in the world and all the sales efforts combined could not have made the great success for TANLAC that has been attained, unless this reconstructive tonic possessed merit of the greatest degree. Over 40 Million Bottles of Tanlac have been sold and the demand today is greater than ever before.

That TANLAC possesses merit and has brought relief to hundreds of thousands of persons is attested by the great number of testimonials that have been received by the company from people in every state of the Union and every province of Canada. There are over 100,000 such statements on file with the company, all ringing with sincere praise for TANLAC and what it has accomplished.

Here are excerpts from a few of the 100,000 statements on file:

Mrs. Edward Gibbs, Lancaster, Pa.—"For 2 years indigestion deprived me of nearly all the pleasure of living. If it had not been for TANLAC I would still be a sick and discouraged woman, for nothing else seemed to do me any good."

Mrs. Mary A. Benson, Seattle, Wash.: "Following an operation my stomach and nerves seemed to give way and I became almost helpless. As a last resort I tried TANLAC. I

began to improve from the very first, gained 29 lbs., and today am feeling fine."

O. E. Moore, Kansas City Mo.: "My stomach seemed to pain me constantly, food seemed to do me no good, I would bloat up with gas, lost my strength, and could not sleep or rest. I was on the downgrade all the time. Tanlac corrected my troubles and put me in excellent shape."

Thomas Lucas, Petersboro, Ontario: "Well, sir, buying TANLAC was the best investment I ever made, for it built up my health and strength to where I haven't a complaint in the world."

Mr. and Mrs. Joseph E. Kaake, Detroit, Mich.: "For more than a year our three children, age 2, 4, and 6, had been so peaked and lifeless that we were worried about them. Their stomachs were upset, appetites poor, the color had left their cheeks, their nights were restless and during the day they would just mope around, taking no interest in play or anything else. They began to improve with the first dose of TANLAC, and today there are no more healthy children in Detroit."

Tanlac is for sale by all good druggists. Over 40 million bottles sold. Accept no substitute.

Take Tanlac Vegetable Pills.

Kinds and Varieties of Fruit For the Home Orchard

It takes more than a house to make a home. Likewise it takes more than a beautiful building to make an attractive place. A simple cottage or bungalow beautified with shrubbery, trees, grass and flowers is far more attractive and homey in appearance than the most luxurious and costly mansion without these plantings.

It is positively pitiful to see the many homes that are without plantings of any kind. Such places may often be seen not only in the country, but in the cities and towns as well. When one can so easily and so inexpensively beautify these bare places with a small amount of shrubbery and trees, grass and flowers, it is nothing short of a calamity for it not to be done.

It is true that one may live just as long in a home that is not properly beautified with trees, shrubbery, etc., but in such a place, one can never get the most out of life. It matters not how little beauty may mean to some people, the person never breathed who would not think more of a home properly beautified with trees, shrubbery, etc., than one built out in the open, with nothing in the way of shrubbery and grass to tie it to mother earth. We would therefore make an earnest plea that the home grounds be planted. Do it now, as this planting work can be done any time during the winter or early spring before buds in the plants begin to swell.

Many people imagine that it is very expensive to properly plant the home grounds. We believe this is one of the outstanding reasons why so many homes are not planted. It is a mistake to think that a large amount of money is necessary to beautify the home grounds. Of course much money may be spent for this purpose if one has large grounds and wishes an elaborate planting. But the small home or even the large one, may be properly planted with trees, shrubbery, etc., at a price that is well within the reach of everyone.

We have seen many small cottages and bungalows practically remade in appearance by the planting of only \$5 to \$10 worth of shrubbery and trees about the place. True, more than this amount should be spent if possible, but if more than \$5 or \$10 cannot be spared for this purpose, then by carefully selecting the kinds of shrubbery and trees one can make

a very good showing with this small amount of money. By spending \$25 \$50 or \$75 one can get enough shrubbery and trees to make a most excellent planting about the home. If something elaborate is desired, then a few hundred dollars will bring the desired results.

When looking at this matter from the dollar and cents standpoint only, it pays to plant the home grounds. The very minute one properly plants \$25 to \$100 worth of shrubbery, trees, flowers and grass on the home grounds, the value of the property is increased anywhere from \$500 to \$1,000. This has been demonstrated over and over again, and even if beautifying the home grounds means little to one, they should be beautified from the standpoint of making the property more valuable in case it is sold.

Another reason why many people probably do not plant their grounds is because they think it is a difficult job and they do not know how to arrange the trees, shrubs, flowers, etc., so as to secure the desired result. This is not a real difficulty, because expert advice along this line can always be secured free of charge from the Horticultural Department of the various State Agricultural Colleges Experiment Stations, and Nurserymen growing and handling shade trees and shrubbery. These folks are always glad to supply home owners with information as to the proper location of shrubbery and shade trees, the best kind for the different sections of the country, etc. In other words, this lack of information as to planting and location of the shrubbery and trees need not prevent any one from beautifying the home grounds, because this information may be secured from the above and other sources, free of charge, by any home owner.

We would especially urge therefore, that every home owner whose grounds are not planted, make a beginning right now by getting in touch with the Horticultural Department of the State Agricultural College and Experiment Station or Nurserymen growing shrubbery and shade trees. Any or all of them will gladly supply reliable information along this line that will result in beautifying the grounds and adding \$500 to \$1,000 more in value to the property.

RAW COTTON IN DRESS COSTS ONLY 12 CENTS MORE WHEN COTTON IS 35 INSTEAD OF 25.

College Station, Texas, March 4.—The fallacy in the argument of financial and industrial interests that the advancing price of cotton is demoralizing the cotton goods business has been indicated by figures compiled at the A. & M. College of Texas. The information is given by Prof. J. B. Bagley, head of the Department of Textile Engineering, that one pound of cotton will make seven yards of Gingham and that middling cotton loses by waste about 15 per cent in spinning. In December 1922 cotton was quoted at 25 cents. Figuring 15 per cent for waste the pound of spun cotton would cost 29 cents and this would make seven yards of gingham. Or in other words the actual raw cotton in a yard of gingham brought the farmer only 4.2 cents. With cotton at the peak of 35 cents and allowing 16 per cent for waste the farmer would sell 49.2 cents worth of cotton for seven yards of gingham or would get for the cotton in each yard 5.8 cents. Thus in the rise of cotton from 25 to 35 cents the additional cost of cotton in a yard of gingham nets the cotton grower only 1.6 cents. If we take eight yards as an average requirement for making the farmer's wife a housedress, the cotton grower gets 12.8 cents more for the raw product in that dress when cotton was selling at 35 cents and when it was 25 cents.

Talk to your county and home demonstration agent about your farm problems. They can put you in touch with the proper specialists and tell you what others have done under similar conditions.

DIRECTORS APPROVE WORK AND PLANS OF A. & M.

The Board of Directors meeting at the A. & M. College of Texas this week voted sympathy and approval for the building program as recommended by President W. B. Bizzell and which includes more dormitory space, class rooms and laboratory facilities at all the institutions. Board members who had recently visited the branch colleges reported that all were badly crowded. Before

departing the board members addressed the students and spoke in eulogistic terms of the administrative work of President Bizzell and his associates. They also expressed pleasure at finding the student body in a spirit of contentment and other conditions favorable.

A. & M. WILL HAVE BIG PART IN FAT STOCK SHOW.

College Station, Texas, March 4.—The A. & M. College will be prominently represented at the Southwestern Exposition and Fat Stock Show next week. Four cars of its livestock will be competitors for the prizes. Its 75 piece military band will play for the opening pageant and play on the grounds and at various places in the city every day during the exposition. Officials of the college will be managers and superintendents of the various divisions of the exposition. A team of Junior animal husbandry students will compete in the college students livestock judging contest and practically all the junior and senior animal husbandry students will spend some time at the show to take advantage of the practice judging with the many various types and kinds of animals on exhibition and to become acquainted with the show ring management and methods.

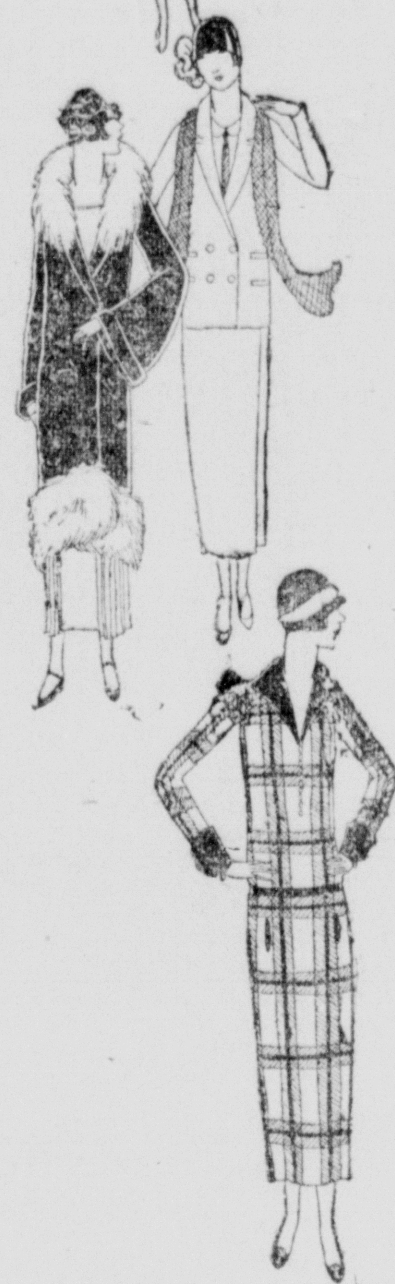

RED PEPPER FOR COLDS IN CHEST

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

Red Pepper Rub is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known.

TRIGGS Showing of New Spring Goods

LUTHER McDONALD.

For Tax Assessor:
MISS LELIA WOOLLEY.

For County Clerk:
H. M. ROARK
(re-election)

For County Treasurer:
R. TODD.
SANFORD GORE

CO-OPERATION REDUCES INSURANCE COST.

Faced with state and federal legislation that is believed to be detrimental to the insurance business, members of the Board of Fire Underwriters of the Pacific at their 48th annual convention recently held in San Francisco discussed ways and means to defend their business.

Not only have co-called non-Board insurance companies spread propaganda against the Board of Fire Underwriters on the grounds of being monopolistic, but they are preparing to launch a referendum to voters curbing activities of the Board and placing the state and nation in the insurance business, according to Frederick J. Peary.

Rollo V. Watt asserts that trouble of insurance men will be increased a thousandfold if bill to eliminate the Board of Fire Underwriters is successful. He describes the Board as the co-operative body of representatives of all companies to carry on investigations, research and service as a unit instead of as individuals.

It is a regrettable fact that distance prevents the average home owner or merchant who must have insurance to protect his property, from visiting the plants maintained by the National Board of Fire Underwriters in New York and the Underwriters' Laboratories in Chicago. No one insurance company could afford to carry on the research work maintained by these organizations in the interest of eliminating fire hazards and reducing rates. It is only by combining the support of the companies of the United States that these research organizations can be maintained.

Insurance is a business of records. Before intelligent rates can be made, fire records for many years back

must be tabulated according to various classifications of business. Without these data which are collected by the Board of Fire Underwriters, newer insurance companies could hardly operate for lack of past statistics to go by.

The Board of Fire Underwriters does not make rates. It collects data on all manner of fires from which a loss average over a long period of years may be arrived at. This information forms the basis of insurance company rates.

"Co-operation" among farmers farm organizations is advised by the government as one of the logical and permanent solutions of the farmers' problems.

Just as co-operative effort will reduce the cost of marketing the farmers' produce, so has co-operative effort among this country's leading insurance companies enabled them to reduce the cost of fire underwriting by collecting at one source undisputable facts regarding the actual fire losses of this country.

Destroying or crippling this system would be a direct blow at the stability of insurance and the basis of credit of every business and home building enterprise.

BUREAUCRACY, LABOR'S ENEMY

According to recently published statements, Samuel Gompers, now and for more than forty years head of the American Federation of Labor, recently sounded a warning against political control and manipulation of industry.

"I greatly fear a political bureaucracy," he said. "The portent of such a great machine is alarming."

"Our government, which, as an institution, I regard as the best in the world, is thoroughly competent in the realm of political affairs and it is just as thoroughly incompetent outside of that realm."

"Any effort to reconcile the political machine with varied industrial divisions and requirements of the country can result only in most hopeless complications and conflict."

"I have said repeatedly, and I believe I voice the overwhelming sentiment of the organized wage earners, that political government is incompetent to direct industry."

"It is my belief that if the masses of our people were fully conscious of what is taking place there would be less clamor for governmental domination of industry."

NEED OF LEADERSHIP.

The party politicians have pretty thoroughly stripped the voters of his independence and his courage.

Glenn Frank has conceived the ideal President and describes him in "The Man Who Should be President" in the January Century.

He says: "The next President should be a man of courage, should live intellectually and morally above the battle of politics to enable him to think and to act with the requisite realism and courage."

"The service such a President could render would help us break the paralysis that has fallen upon American politics. He would help us reinvest the political process with reality. There is nothing more certain than that representative government is doomed unless we do away with the anonymous blackmail which our democracy practices on its political leadership, with the result that courage gives way to cowardice and the statesman turns politician."

In order that music may be taught successfully in the rural schools definite musical training is one of the requirements for every standard teacher's certificate in the State of Pennsylvania, according to School Life, published by the United States Bureau of Education.

To meet this requirement the State provides and requires musical training throughout normal school courses and during the summer sessions. Similar training is offered in extension courses whenever 15 teachers ask for music. The training is supplemented by work of the county in-

stitute and by personal visits to the schools by the State director of music and his assistant.

The department of public instruction prescribes 20 minutes daily to be devoted to music. A book of suitable and attractive songs especially prepared for rural schools is available. The phonograph is considered indispensable for song work in country schools and furnishes an opportunity for the children to hear and form a taste for good music. Several counties in the State have adopted the township plan of supervision.

The success of the Pennsylvania plan, involving the necessary legislation, setting up of certification standards, training of supervisors and teachers, supplying courses of study, and general supervision, has demonstrated the necessity and efficiency of a State program for music.

As a step in the education of China's 300,000,000 illiterates, who include about three-fourths of the population, leading citizens are conducting campaigns against illiteracy in several cities, according to School Life, published by the United States Bureau of Education. These campaigns are carried on enthusiastically with mass meetings, parades, closing of shops, elaborate graduation exercises, and general publicity. In the city of Changsha, where the first campaign was held, a committee was formed of about 70 persons, including businessmen, college presidents, editors, officials, clergymen, teachers, and students. The government of the city issued a proclamation urging citizens who have illiterate children or apprentices to avail themselves of the opportunity to learn and copies of this proclamation were spread broadcast. The committee obtained the services of 80 experienced teachers, recruited from the staffs of Government, mission, and private schools. These teachers received no salaries, but their fares were paid by the committee. Training classes were held to prepare the teachers for work with the illiterates. One thousand characters of symbols representing the words most commonly used in daily life were chosen as a foundation for and education in the Chinese vernacular. Knowledge of these characters enables the pupil to write simple business letters, to keep accounts, and to read newspapers. Twelve hundred men and boys attended the first "foundation-character" school, took the final examination, and 907 of these passed were given certificates. The second term was begun with 1,400 students, and 1,010 of these passed the final examination. Other cities have followed the same plan with success.

The man who is laughed at today is revered tomorrow. They laughed at Bell and his telephone, Edison and his electric light, and Langley with his crazy flying machine. The Wright brothers were derided, the discoverer of X rays were ridiculed, and the "radio delusion" brought smiles and amusement.

But now! It is impossible for us to say, now, what the road of the future is to be, as it was impossible for us to say, five years ago, what the radio broadcast of today would be.

An inventor wants to interest capital in making a roadway of steel. It will cost, if built, not thousands, but several hundreds of thousands of dollars per mile. Road builders laugh. The public laughs. We all laugh. Why pay three hundred thousand dollars a mile for roads when we can get them for a few thousands?

Twenty years ago the idea of paying twenty-five thousand dollars a mile for road was laughed at!

This steel idea may be all wrong. It hasn't been tried. It may be chimerical in the extreme. We don't know. But we do know that laughing at it because it is different is no way to prove it idiotic. Ten years ago people laughed at the idea of national highways. They don't laugh any more. More and more people are coming to think that highways are as much a part of the Nation's business as waterways, Panama Canal, battleships, an army.

The new idea is always laughed at. Laughter doesn't prove anything except the "stand-pat mind" of the laughter. Maybe steel roads at three hundred thousand dollars a mile are impractical. But why not bring something else to bear on the question beside laughter? Nobody laughs at national highways any more; not even Congress!

The joke of yesterday is the fact of today. Maybe we will yet ride on national highways of steel! They laughed at steel rails for locomotives, too. They laughed at transcontinental highways. And how they did laugh at De Lesseps and his Panama Canal!

He laughs best who laughs last.

PRESBYTERIANS HEAR EDUCATIONAL TALKS

PLANS FOR SUPPORT OF THE SCHOOL MADE BY LOCAL CONGREGATION.

At the Presbyterian church on Sunday morning and evening were heard some leading workers of the church.

At the morning service Rev. H. V. Carson, D. D., of Ashland, Ky., spoke and at the evening service Mr. J. E. Watts, the Superintendent of the Presbyterian Home and School for Orphans at Itasca, Texas.

Both these gentlemen were here in the interest of the Presbyterian Educational Campaign that is now being put on in the state, looking to the raising of \$1,350,000 for better equipping the church schools of the state and for better caring for the Presbyterian students at the state schools.

Mr. Watts spoke Sunday evening on the work at the Home for the orphans. The local church has for some thirty years given the first Sunday collection each month to this institution. At the present the offering each month averages over \$15.00.

Dr. Carson is a pastor but has been loaned to the Committee on Christian Education of the Southern Presbyterian church and is helping in the campaign in Texas as Director of the Speakers Bureau. He is himself a forceful speaker as all will testify who heard him Sunday morning on the subject, "What Is a Christian?"

The campaign will be put on in the Cameron church beginning the first of April and several leading workers of the church will be heard in the progress of the work.

The yearly every member canvass for raising of the budget of the church for benevolences and for local expenses will come this year on the 16th. But this time it has been decided to have a volunteer Sunday and instead of visiting the members have them come to the church and volunteer their subscriptions. They expect this Sunday to be a great day in the church.

SOME THOUGHTS ON THE RECENT CELEBRATION OF WASHINGTON'S BIRTHDAY.

It was to me a great joy to be permitted to attend the Masonic celebration of the birthday of George Washington in the Masonic Hall in Cameron on the 22, ult. and will never get away from, at least, some of impressions of that occasion.

I omit the mention of the details of the splendid program, including the sweet songs and stirring speeches, the fellowship and good will abundant which have already been published.

I am justified by those who know, when I say that this event made me exceedingly proud that I am a Mason and my mind reverted to the time when I knocked at the door and was received and was permitted to behold its Light, Mysteries and Glory.

Multitudes of the greatest and wisest men of earth in all ages were Masons and were helped and inspired by the great principles and tenets of the order to achieve such greatness.

My mind turned backward for a moment to review the marvelous achievements and glorious history of Free Masonry even from the days of Solomon to this hour, how her pathway lead through flood and flame, suffering from cruel indignities heaped upon her by her foes.

When we study the lives of such great and good men as our beloved Washington who was a patron of Free Masonry and truly the "Father of His Country" surely our hearts should be inspired as Sons of such a noble sire and ancestry to see to it that our country shall be kept free and our democracy untarnished.

O, God let our people read once more the Declaration of Independence and the Preamble to our Constitution if no more, and then remember the foundations of our great American Government which was laid and made secure through the sacrificial blood of our forefathers.

With Mr. Condon, Supt. of the Public Schools of Cincinnati Ohio, let every American say "My Flag, Born in the days of revolution, baptized in sacrificial blood in the days of civil strife, rededicated to the cause of human freedom in the great world conflict; in peace and

war it has ever floated as the emblem of liberty and justice."

May its stars never grow dim, and its stripes never fade. And may the children in the schools over which it shall float be so taught to love justice, to hate evil, and to do good, that they may forever protect the flag and the ideals for which it stands."

Let us love God and one another more, let us resolve to be better Christians and Masons, honorable fathers and citizens of the greatest nation under heaven.

E. L. SPRINGER.

NEWS NOTES FROM THE MISSIONARY.

Owing to the deep mud Little River Baptist church held their services in the Jones Prairie School building where I was greeted at both hours with unusual large congregations on last Sunday.

This good church set next Sunday as the day to call a pastor, March 9, and have invited Bro. C. L. Boone of Elm Mott to preach for them as an available man.

Branchville is to call a pastor soon and have invited Bro. Parker, of Waco to visit them. Bro. L. B. Arnold of Cameron preached to a large and appreciative audience at both hours Sunday over at South Elm and they would do well to call this splendid young preacher.

We have only 4 pastorless churches in our Association at present and two of these will call right away. Truly "things are getting better" and we are encouraged.

It was my happy privilege to attend the State wide Baptist Rally held at the Broadway Church in Ft. Worth on the 27, ult. the purpose of which was to launch a Finish-up Campaign for the 75 Million Fund. This was indeed the greatest and most significant State-wide Rally we have ever had.

The next eight months of this year will be the most epoch-making in our Texas Baptist History and my hearts desire is that every church in Milam County Association will be fully enlisted.

Let us begin now to pray and plan for the greatest year in the history of this dear old Association both in missions and in evangelism.

E. L. SPRINGER.

Missionary.

CHURCH OF CHRIST.

Bible School, 10 a. m.

Preaching 11—Subject, "The Lord's Supper."

Preaching 7:45 p. m.

Everybody invited to attend these services.

J. S. DAUGHERTY,

Minister.

ST. RITA CIRCLE.

The ladies of St. Rita Circle met at the K. C. Hall last Thursday afternoon and held an interesting business session. On account of the resignation of the former treasurer, an election for that office was held and Miss Rischer was elected to fill the vacancy.

After a few business matters were discussed, the rest of the afternoon was spent in needle work and social chat. It was decided that the next meeting would be a social one and a committee was appointed to arrange a program. The meeting will be held March 13.

WEEK END PRAYER.

This week Texas Baptist are observing a week of prayer in all churches for Home Missions. On Wednesday four prayer meetings will be held in the Cameron church. For the noon hour 12:30 to 1 p. m., Wm. Henderson was appointed leader; Rev. Hutcherson, from 1 to 2 p. m., Mrs. George H. McGehee from 3:30 to 4:30 p. m., and Rev. Hutcherson for the evening prayer service. The Woman's Baptist Mission Union appointed the following leaders for the week.

Monday, Miss Winnie Henderson.

Tuesday, Mrs. Elbert Martin.

Wednesday, Mrs. Geo. H. McGehee.

Thursday, Mrs. Wm. Henderson.

Friday, Mrs. John Martin.

Saturday, Mrs. Will Deal.

BEN ARNOLD ENTERTAINMENT.

The Women's Missionary Society of the Ben Arnold Baptist church will give a Maggie and Jiggs Supper at the school building Saturday night, March 8. Candidates are especially invited.

PRESBYTERIAN AUXILIARY.

Circle one of the Presbyterian Auxiliary met, with Mrs. E. Eggert on Monday afternoon. Bible Questions were studied.

Circle two met in the home of Mrs. C. W. Lawrence. The Book of II Samuel was asked as a basis for Bible Study.

Circle Number Three met with Mrs. Jeff Avera. Quilting for profit was the occupation of the hour.

CHRISTIAN CHURCH.

F. L. Davis, Pastor-Evangelist of the Christian church for the Taylor Group will preach at the church Sunday morning and night, Feb. 9. He will also hold services Monday night. It is hoped that all of the members of the church will be present. The public in general is invited to attend all of the services. Mr. Davis is a good speaker and will bring messages that will be interesting and helpful to all who attend. Remember the S. S. meets at 10 and the morning services at 11 and the night services begins at 7:30. Come on time, bring a studied lesson, a mind to learn a prayer for the services and an offering for the Lord.

CITY HEARS IT HAS NO ORDINANCE TO ENFORCE SEWER CONNECTIONS

(continued from page one)

were T. S. Henderson, Jr., and E. V. Ferguson, the former representing the Commercial Club and the latter the Lion's Club, in connection with the campaign.

City trucks will be placed at the disposal of the sanitary officer and the committees in conducting the clean up campaign, this campaign to be under the direction of Dr. G. E. Sutton.

Dr. Sutton asked the council for money to conduct a mosquito campaign here but the city has no money to appropriate for this purpose.

The council requested that the matter of raising finance be referred to the Commercial Club and the Lion's Club and if possible the city will aid.

It is thought that no campaign will be conducted on a large scale, but Dr. Sutton will do whatever possible to keep the city in a sanitary condition.

SANFORD GORE IN RACE

FOR COUNTY TREASURER.

* (continued from page one)

good administration of the affairs of that office.

Mr. Gore said he had no particular platform but believes in the proposition of rotation in office and knows his ability to serve the people of the county in this capacity.

The name of Mr. Gore will be found in the proper announcement column. He asks the support of the people to his candidacy and calls on his friends everywhere to vote for him.

FOLLOWS UNIVERSITY BANQUET

The following clever response to the toast "In the Good Old Summer Time" was given by Mrs. K. K. Robbins and was voted worthy of a place in the "The Alcaide."

STUDENTS OF THE SUMMER SCHOOL!

What they get is not toastin' But a real old fashioned roastin' In the days of summer school When the weather's never cool Sizzling profs and sizzling weather Make us hotter when together. In those days when Metzenhain, William Sutton, known as dean, Mather, Mezes, Law and others Swore they'd send us to our mothers Should each course as was outlined Not be mastered in due time.

Boys of forty, girls all younger Were enrolled there without number; For of course, there's always some Who their race too late have run, And must make up for lost time While their sun of life doth shine, Anyway, they gather there Youthful, old, crude, debonaire; Some to study, some to play Others just to while away Days of sunshine, nights of strolling Sleepy morns, when bells are calling, Lawyers, teachers in the making, Girls who say they study baking, Chemists, preachers, engineers— List so long 'twould tire our ears, Should we try to name them all, As we scan the long roll call, Foolish, yes, but still we haf to Say not one of them's a grafter For you know it's no great pleasure And those hills and streets of white Say, how can they see aright? Here's to those who are earnest! Here's to those who fun do furnish! Here's to those who do get by! Here's to those who will not die! Lord have mercy on your soul And send you to a place that's cold

NOTICE! NOTICE!

The commissioners court of Milam County will receive proposals until ten o'clock a. m. Friday, Feb. 29th, for additional steel shelving for the county clerk's office.

Usual rights reserved and court agrees to waive all technicalities.

GILES L. AVRIETT,

Auditor, Milam County, Texas.

B. F. Ackerman of Palestine was here last week, a guest of T. G. Sampson.

Leslie Mauldin of the Mauldin Aircraft Company, took his plane over to Brownwood Monday and did some stunt flying there Tuesday.

Mrs. Johnnie Portales of Marlin was here last week to attend the Matula-Swain wedding.

Carry your hemstitching to W. A. Copus.

E. J. Swain, Miss Ethel Swain, Dr. and Mrs. Van Tobel, Mr. and Mrs. E. J. Kershaw, Mr. Thompson, Misses Wilson, Bower and Schwader all of Temple were here last week for the Matula-Swain wedding.

Mrs. W. A. Copus has installed a hemstitching machine in her shop on Houston Avenue.

Mrs. Allie Kinard spent last week end in San Antonio visiting a sick uncle.

Misses Minnie and Cill Stedman spent Tuesday with friends in Waco.

George Marshall left last week for Strawn, Texas, where he will visit his daughter, Mrs. James Brooks.

DISTRICT COURT NEWS.

The March term of the District Court of Milam County, Texas, convened in Cameron, Texas, Monday, March 3rd, A. D. 1924. The following named gentlemen were sworn and impaneled as Grand Jurymen to serve at the March Term of said court:

R. P. Jeter, Cameron; W. R. Leacy, Branchville; B. F. Siddham Jones, Prairie; Lesser Newton, Milano; E. T. Roberts, Hamilton Chapel; W. H. Camp, San Gabriel; Kay Moore, Buckholts; D. R. Criswell, Buckholts; E. R. Henderson, Ben Arnold; G. W. Lock, Yarrellton; E. H. McWilliams, Watson Branch; C. A. Becker, Cameron; R. F. D.

After the Grand Jury had been sworn, touching their qualifications as such, and the oath had been administered, the Hon. D. R. Criswell, of Buckholts, Texas, was selected Foreman of the Grand Jury.

On application of the Foreman the Grand Jury was allowed to recess from Monday March 3rd, 1924, to Wednesday March 12th, 1924, at which time the Grand Jury will begin their duties. In the case of State of Texas vs. Gabriel Horak, charged with unlawfully manufacturing intoxicating liquors, said case was continued on application of defendant because of the non-appearance of non-resident witnesses who were sick and unable to attend. This case was set for trial April 14th.

In case of State of Texas vs. L. A. Fuller, charged with unlawfully transporting intoxicating liquor, same is set for trial March 6th.

COUNCIL WITHHOLDS ACTION ON PAVING CONCESSION.

(continued from page one)

council as at present constituted will carry out the original plans and blocks designated to be paved.

Lou Meyers and son were before the council to protest the petition of Mr. Davis because they own about 125 foot frontage on which Mr. Meyers says he will build a building within the next twelve months.

Complaint was also made that the cement curbs being laid were not meeting expectations and the matter was referred to the street committee for action and it was understood that a conference was to be held Wednesday morning between the committee and the engineer.

The city attorney was asked to notify the Southwestern Bell Telephone Company that it would be necessary to move a large number of their telephone poles in the paving area. The light company will co-operate in every way with the committee in moving their light poles to proper places now that the paving calls for the rounding of street corners.

JOHN W. BARRETT FOR COMMISSIONER PRECINCT ONE.

(continued from page one)

with the duties of that office, I promise you that I will give you the best and most faithful service of which I am competent, and that all of my energies will be directed to the safe, fair and economical expenditure of the funds of this county, and I give you my assurance that I will favor no plans or enterprises that seek to expend the people's money, unless the people are to receive 100 cents in value for every dollar that is expended.

If you think favorable of my candidacy, I shall be pleased to have your support and encouragement.

JOHN W. BARRETT

PROPERTY OWNERS TO BE HEARD ON 4TH DAY APRIL

Paving costs have been compiled by the engineer and are now in the hands of the city attorney showing the amount to be paid by each property owner in the paving area and on Friday April 4, 1924, beginning 7:30 o'clock p. m. at the Cameron State Bank the city will hear the property owners on the assessments. Notice will be mailed out by R. D. Brown, secretary, on instruction from the council, for all to appear and register protests, if any, the same as is done with the board of equalization.

Our Town

The other day the American Legion Weekly published a letter sent to employees of the Aeolian Company, manufacturers of musical instruments, by one of the officials, asking the employees to write to their congressmen and senators to vote for the Mellon Tax reduction and against the soldier bonus. The letter went on to say that the pay roll would be checked up in the near future and that unless they were right on the question some coercive tactics might be used. This week C. Bascom Slipp, secretary to the president, and one of the officials of the company mentioned write they severely disapprove the coercive methods used and brand it as Un-American. Letters like this have been received by "Our Town" from many sources in the north and east. It is the same old story—the rich against the poor; the coercive tactics of entrenched interests that have all but robbed the government of its claim to respect. Coolidge is against the bonus as is every other leader of the party of special interests—the Republican party. Corruption is expected from some but the crime of contesting the blood of the sons of American mothers as it cries out from the ground it stained in defense of human liberty, has no parallel in history. From an economic standpoint we had not thought it wise to give a bonus but now we want it because the Republicans are against it with their corrupt interests.

Lynch Davidson of Houston is the only candidate for Governor who is not a lawyer. In the past the Legal Profession has contributed its quota to the executive chair and it seems that in the present race a preponderance of the legal fraternity is offering to serve the democrats of Texas. This is not said to disparage a great fraternity but merely to say that rotation is a good thing, especially in view of the present needs in Texas for a big business man to head the government of the state. Lynch Davidson is beyond question a big business man, skilled in state craft and solid in his principles and ideas of government. He is conservative and will effect those economies necessary at this time.

A saving of \$6,250 per year will result to payers of insurance in Cameron as a result of the reduction granted by the fire insurance commission of Texas for the good fire record during the past three years. This is based on an annual premium aggregate of \$55,000. In ten years time this saving will almost retire the paving costs. It is decidedly to the advantage of the city that precautions be increased to hold the good fire record.

On Monday the annual spring clean up and sanitary campaign drive will begin. It is not only the duty of every citizen to lend the fullest co-operation to the sanitary officer in conducting this campaign but it is absolutely necessary to the safeguard of the public health that every precaution possible be taken to make the town a better place in which to live.

Procrastination is the thief of time. How many times have we heard that old bit of wisdom? So many times that we have become used to it and its significance is lost to us. Many of us are ready on a moment's notice to make great resolutions but when the hour of execution comes procrastination has made of us delinquents. Judging from the high resolve that characterized the discussion of the park improvement and the Yoe High school campus several years ago one could imagine many civic duties performed but we still have an unimproved park and an unimproved school campus.

FOR RENT—Light housekeeping, rooms, furnished. Mrs. S. J. Slocomb 615 West 7th Street. 43-4t

WOULD INCORPORATE THE CEMETERY ASSOCIATION

PROPOSED FUND TO MAKE PERMANENT UPKEEP OF BURIAL PLOT.

At a meeting of the Cemetery Association Wednesday afternoon in the Presbyterian church a committee was appointed to inquire into the feasibility of incorporating the association with a stock sale so as to create a large fund to insure perpetual upkeep of the cemetery.

The matter of incorporation was brought before the meeting by Hubert Hefley who proposed polling of funds to insure permanent upkeep from the interest.

It was pointed out by Mr. Hefley that in the north and east cemeteries have been kept up in this way for hundreds of years and in the hands of a board of managers to be succeeded by others as the years go by.

The following committee was appointed: Hubert Hefley, Mrs. W. A. Morrison, S. W. Law, Roy Baskin and Miss Aetna Smith. This committee is to report back at an early date.

New officers were elected as follows: Miss Aetna Smith, president; Roy Baskin, vice president; S. W. Law, secretary and treasurer; Giles Avriett, collector.

Miss Smith is serving her second term in office, the association feeling that her services as president have been so beneficial to the association as to make her re-election important.

Attention of the public was called to the fact that much water is wasted at the cemetery by monument builders and cement workers for which the association pays.

Also it has been requested that persons having burial plots in the cemetery pay no more money to the care taker of the grounds for the reason that the negro in charge will not do the work he is paid to do by the association. In the past it has been practiced by some who pay the negro to clean their lots but the association has gone on record as opposing this practice in the future.

The association has asked the city council why no action has been taken on the effort to acquire a burying ground for the Mexicans. This matter will be laid before the council at its next regular meeting.

Mr. Law made his annual report of finances. The association has on hand at this time \$1777.66 as compared with \$707.76 at the last annual report. These figures show an increase of \$1,069.76 since the last report. All expenses have been paid and this amount represents the net cash.

There were 24 burials in 1923. Mr. Law's report shows that although the population is increasing the death rate has gradually receded for the past several years. The following table will show the number of deaths for the years cited:

1919	33
1920	32
1921	31
1922	25
1923	24

There are twenty-four lots in the new addition to the cemetery recently opened up by Mr. Law. The drive ways need some repaving and Mr. Law hopes to get at this work in a short time.

The association gave Mr. Law its vote of thanks for his service as secretary of the association. Mr. Law on taking this office found the cemetery association \$5000 in debt. He serves without compensation and for this unselfish service as a citizen he not only merits the thanks of the association but has the gratitude of the entire citizenship.

Mr. Heap of Taylor was here Saturday to visit his sister, Mrs. Fannie Pullian.

WANTED—10 to 25 acres of improved land, preferred within 3 miles of Hearne or Cameron. All or part cash. What have you. D. D. Pryne, Taylor, Texas.

THE HERALD ANNOUNCES A BIG CIRCULATION DRIVE

**One Essex Coach. One Chevrolet Touring car
and Several Other Valuable Prizes and
Cash Commission Checks to be Awarded
Ladies of This Section.**

(continued from page one)

paid by The Herald either with a handsome prize or a sum in gold or silver. All of the prizes are worth going after. You simply cannot lose in this proposition.

OUR SLOGAN, EVERYBODY WINS.

The prizes are almost fabulously valuable considering the extreme shortness of the time in which they will be distributed. Imagine securing a prize which would cost \$145.00 in cash to buy for a few days pleasant efforts in vote getting. And this is all you have to do to secure one of the big awards—simply gather in the votes.

One of the best features is the fact that there will be no losers, as a cash commission of 25 per cent (one fourth of every new subscription collected) will be paid to the active non-prize winners, according to rules and regulations, which of itself, is an excellent business proposition for you.

This is not a "something for nothing" scheme—in fact, it is not a charitable undertaking on the part of The Herald. It is a business proposition pure and simple. Its object is to advertise jointly this newspaper and the splendid qualities of the new 1924 model Essex Six and Chevrolet and to secure new and renewal subscriptions, and last but not least to win a welcome for The Herald in every home in this community. In short, The Herald will award many ambitious people right here at home very liberally indeed for their assistance in introducing this paper into more homes in the city and community instead of employing outside solicitors at fancy salaries, to accomplish the same results.

WILL IT PAY?

Will it pay? That is a question that will naturally occur to all who read this announcement. Yes, it will pay. Not in dollars and cents but there are dividends that newspapers want and derive other than those expressed in terms of money. During this campaign many new subscribers should be added to our lists, the fair, square policy of The Herald will be thoroughly advertised and there will be a great amount of satisfaction in all of that besides the general good feeling engendered and the prestige gained for this newspaper will be almost inestimable.

SHORT AND SNAPPY.

This campaign will not be a long drawn out affair of several months' duration, but extends over a period of only a few weeks, closing Saturday night April 19. Think of being able to secure in six short weeks prize awards that would ordinarily require months—yes, even years of self-denying and saving in order to acquire—and these are all given you in exchange for your spare time and a little interest in helping our subscription list.

The campaign will be more interesting and more profitable to the participants than any other undertaking in this section. The prizes are not only rich in material value and dollars and cents but are in keeping with the whole enterprise has been drawn. Ambition and energy are the only requisites for success in it.

WHY THESE CARS?

The entire Herald gift distribution enterprise has been planned with the idea of making it unusual and unusually generous. A glance at the prize list is splendid evidence of this statement.

The special attention of our readers is called to the two cars. Cars of lesser value could have been purchased by The Herald and offered as prizes, but that would have broken the policy of the management in making the enterprise worthy of the interest and effort of all, one in which our readers would be proud to participate and one that The Herald would take pride in fathering.

Beautiful, luxurious, handy, comfortable; it is the ideal car for the girl, the mother, or the professional woman—the Essex Six Coach or the Chevrolet Touring Car.

FIGURE IT OUT YOURSELF.

How long would it take you to save enough money out of your earnings to purchase any one of the big gifts awaiting you in The Herald's distribution? Figure it out for yourself and you can readily see the

generous opportunities that this campaign offers.

LITTLE EFFORT REQUIRED.

And there is so little required of you to win out in the Herald election—all you have to do is to ask your friends to give you their subscriptions to The Herald. The main thing necessary for you to win is that you let your friends know that you are in to win—and that you want their votes.

YOU CANNOT LOSE.

And you cannot lose if you try to—every active non-prize winner is given an absolute guarantee that he or she will be paid for their time—one-fourth of every new subscription is yours, if you fail to land one of the big awards. This is not a bad business proposition in itself, for we all have some moments after work that could be turned into cash.

OPEN EVENINGS.

For the benefit of those who cannot call during the day, The Herald office will be open evenings until 8 o'clock. For information phone 221. Be the first in your field to start. Call the Campaign Manager and allow him to explain the details.

RURAL CARRIER EXAMINATION

The United States Civil Service Commission has announced an examination to be held at Cameron, Texas, on March 29, 1924 to fill the position of rural carrier at Burlington and vacancies that may later occur on rural routes from that post office. The salary of a rural carrier on a standard daily wagon route of 24 miles is \$1,800 per annum, with an additional \$30 per mile per annum for each mile or major fraction thereof in excess of 24 miles. The salary on motor routes ranges from \$2,450 to 2,600 per annum, according to length. Separate examinations for motor routes and wagon routes are no longer held. Appointments to both position will be made from the same register. The Examination will be open only to citizens who are actually domiciled in the territory of the post office where the vacancy exists and who meet the other requirements set forth in Form 977. Both men and women, if qualified, may enter this examination.

SHERIFF'S SALE.

Notice is hereby given that by virtue of a certain Order of Sale issued by the Clerk of the District Court of Milam County, Texas, on the 4th day of March, 1924, in a certain cause wherein Ray Davis and Ross Davis are plaintiffs and Dixie-Winner Company, a corporation, and C. E. Manning are defendants, in which cause a judgment was rendered on the 8th

day of February 1924, in favor of the said plaintiffs against said Dixie-Winner Company for the sum of \$1287.45 with interest thereon at the rate of six per cent per annum from date of judgment, together with all costs of suit, I have levied upon, and will, on Tuesday, the 18th day of March, 1924, between the hours of 10:00 o'clock a. m. and 4:00 o'clock p. m. sell for cash to the highest bidder, all the right, title and interest of said Dixie-Winner Company in and to the property hereinafter described, levied upon as the property of said Dixie-Winner Company, to-wit:

All that certain personal property situated in Milam county, Texas, at, in and near what is known as Oil Well No. Five on the premises leased by J. C. Davis to the Dixie-Winner Drilling Company by an instrument of writing dated April 8th, 1920, and recorded in Vol. 156 at page 271 of the deed records of said county, said personal property being described as follows:

One Steam Boiler. One Steam Engine. One Star 30 Drilling Rig, mounted on wheels, together with all machinery and appliances composing the same or attached thereto or used in connection with the same, consisting of pulleys, drums, mast poles, cables, levers, etc. Five Drill Bits. Two Sets of Jars. Three Rope Sockets. Two Drill Stems. One Wire Cable about 1500 feet long. One Rope Cable about 100 feet long. One Fuel Tank. One Water Tank. One Set of Blocks. Two Sets of Elevators. 200 feet of 12-inch casing and 700 feet of 10-inch casing, now in said well. 250 feet of 6 5-8 inch casing. 500 feet of Iron Rods. 1000 feet of Tubing. One Chain Hoist and Two Cranes.

Said sale will be made on the above described premises where said property is located, about two miles east from the village of Tracy.

D. S. ROGERS,

Sheriff of Milam County, Texas.
By P. S. Graves, Deputy. 43 2t

UNEQUAL LOSSES.

Frederick was sitting on the curb, crying, when Billy came along and asked what was the matter.

"Oh, I feel so bad 'cause Major's dead—my nice old collie!" sobbed Frederick.

"Shucks!" said Billy. "My grandmother's been dead a week and you don't catch me crying."

Frederick gave his eyes and nose a swipe with his hand and, looked up at Billy, sobbed despairingly:

"Yes, but you didn't raise your grandmother from a pup."—Harper's Magazine.

Gov. Neff Calls for Interest in Precinct Primaries

(continued from page one)

ment, have, like the Praetorian Guard of ancient days, sold their country to the highest bidders.

Confidence in the honesty and integrity of official life has been shattered as never before in the history of this Nation. The alarm clock has struck, and the people who own this government are awakening, and will drive the bribe-taker and the sellers of political influence from the Nation's Capitol.

The only agency through which we can hope to return this government to the days of Jacksonian integrity, and thus restore it to the confidence of the people, is the Democratic party. The question is, will the party of Jefferson be brave enough, strong enough, and virtuous enough, to measure up to the imperative demands of these challenging days? Is Texas to take a part in the solution of our National problems?

Texas, being a perpetual star on the flag of Democracy, has been inclined, in the past, to let rust gather on her party machinery when it comes to the selection of delegates to the National Convention. This should not be the case in the presidential year 1924. In the selection of the forty delegates to represent this State, Texas democracy should function from the fields and the factories. From the rank and file of the people should come the forty delegates who are to represent this great Commonwealth at the Democratic National Convention. Our conventions, both State and National, should be democratized.

It is highly important that specific instructions as to principles, be given by the Texas Democracy to her forty delegates selected to represent this State in the National Democratic Convention. They should be instructed, not only to vote for, but to fight for these well-known principles of morals, of justice, and of government which have ripened in their finest essence on Texas soil, and which, during recent years, it has been the peculiar privilege of this virile and forward-looking State to courageously and victoriously espouse. They should be instructed to vote for and to work for the selection of a democratic nominee, who honestly and constructively believes in the virtue, the validity, and the vitalizing power of the state and national prohibition laws; one who seriously and courageously believes in the rigid enforcement of all the laws, both State and National; one who consistently believes in the full participation of our womanhood in the making of our laws and in the governing of our country; one who has both the courage and the honesty to sweep the National Capitol clean of every trace of official dishonesty and political corruption. No man whose personal ideals and public conduct does not square with these principles of honest government, honestly administered, should be made the party standard bearer.

On May 27th, at Waco, the militant law-enforcing, progressive Democrats of Texas will meet in convention to write a platform proclaiming the vital principles of our party. This same convention will select delegates to represent this State at the National Democratic Convention.

The candidate for the Democratic nomination for President who receives the vote of the Texas delegation, should be in actual and sympathetic accord with the vital principles of our platform. Any candidate for the Democratic nomination, who even expects to receive the vote of the Texas delegation, must be able, in good conscience, not only to stand on the

platform of the Texas democracy, but such a one should be in position, personally and politically, to successfully defend the platform at the National Convention and finally before the American people. The platform and the candidate must fit as a glove, without a rent of past political history, and without the necessity of patching or cleaning private conduct or public career. Texas democracy should not be tied to the chariot-wheel of any man who does not passionately believe in the ultimate success of national prohibition, woman suffrage, honesty in official life, and in the final triumph of right over wrong. The Democratic party cannot win a national victory in 1924 if led by one, whatever may be his public professions, who is directed by, or improperly associated with, the sinister influences of this country. No candidate who has, or who inherits, as the convention proceeds with its deliberations, the support of the corrupt powers or the wet influences, should receive the support of the Texas delegation.

By their friends ye shall know them," is a splendid thought to keep in mind when the time comes to select the standard-bearer of the Democratic party. Our nominee should be neither machine-made, nor machine-controlled.

No man now dares forecast what a day may bring forth in the world of politics. In view of the present chaotic political condition of the country generally, I believe that the precinct delegates, selected on May 3rd to attend the county conventions of May 7th, which in turn will select delegates to attend our State convention at Waco on May 27th, should be definitely instructed as to the fundamental principles of the party. Then, leave it to the good judgment of the State convention what further instructions, if any, should be given to the forty delegates selected by the State convention to attend the National Democratic Convention.

As good citizens we should all be present and take an active part in the selection of delegates at the precinct conventions on the evening of May 3rd, to the high end that the

fundamentals of government which we have fought for in Texas and won during recent years, shall not be side-tracked.

PARTICULAR.

A small boy who was sitting next to a very haughty lady in a crowded car kept on sniffing in a most annoying manner. At last the lady could bear it no longer, and turned to the lad.

"Boy, have you got a handkerchief?" she demanded.

The small boy looked at her for a few seconds, and then in a dignified tone, came the answer:

"Yes, I have, but I don't lend it to strangers."

EACH PASSING YEAR ADDS SERVICE BURDEN.

"The automobile dealer alone safeguards the car owner from the heavy depreciation that the innovations in car design and construction put into the market every year," says G. C. White of the White-House Motor Co.

"The millions of cars that might be regarded as obsolete by the automotive engineer must be kept in serviceable condition. The dealer who sold these last season models is properly the one to whom the owner looks for all the necessities of daily performance. The truly modern dealer just as conscientiously sees to it that the car he has sold in other years give satisfaction to their owners as he does in the case of the new models he has for sale.

"Each passing year adds to the responsibility of the dealer, for not only does the number of cars increase for which he is responsible, but each new model adds to the complexity of service problems.

"Keeping a thousand car owners happy is a more difficult and more important job than selling cars to one hundred car buyers, and that is about the way in which the modern dealer's business is divided."

CITY OF CAMERON, TEXAS

PAVING AND ASSESSMENT NOTICE.

Notice is hereby given to all persons, firms, corporations and estates owning property fronting or abutting on East and West third street from the East line of North Fannin Avenue to the West line of North Travis street; East and West First street from the G. C. & S. F. Right of Way to the West line of North Travis street; East and West Main street from the East line of North and South Fannin Avenue to the West line of South Crockett Avenue; East and West Second St., from the G. C. & S. F. Right of Way to the West line of South Crockett Avenue; North Fannin Avenue from the G. C. & S. F. Right of Way to the north line of East Third street; North and South Central Avenue from the South line of West Second street to the North line of East and West Third street; North and South Houston Avenue from the North line of West Fourth street to the North line of West Third street; North and South Travis street from the South line of West Second street to the North line of West Third street; South Crockett Avenue from the G. C. & S. F. Right of Way to the North line of West Main street, within the City of Cameron, that the City Council of said City has heretofore determined to improve said streets and avenues within the limits named plans and specifications on file in the by constructing thereon a rock asphalt pavement in accordance with office of the City Secretary; that the entire cost of said improvements will be paid by the City of Cameron, but that two-thirds (2-3 rds) thereof, exclusive of street intersections from lot to lot across the street either way, shall be borne by the owners of property fronting and abutting on said streets and avenues within the limits named, and shall be assessed against said property owners and their property, as provided by law.

That an estimate of the cost of said improvements has been made by the City Engineer, A. F. Mitchell, and a list has been made and re-

ported to the City Council by said City Engineer, showing all or fractional lots fronting or abutting upon the streets and avenues to be paved within the limits above named, giving the size of each lot and the number of block in which situated, and the name or names of the owner or owners thereof, and that said list further shows opposite each lot or fractional lot lying and being on each side of the street or avenue to be so paved one-third of the estimated expense of such work or improvement on such street or avenue fronting, adjoining or opposite such lot or fractional lot.

That said report of said City Engineer has been received and approved by the City Council, and is now on file in the office of the City Secretary; and that a resolution has been passed fixing the 4th day of April A. D. 1924, at 7:30 o'clock p. m., as the time and place when and

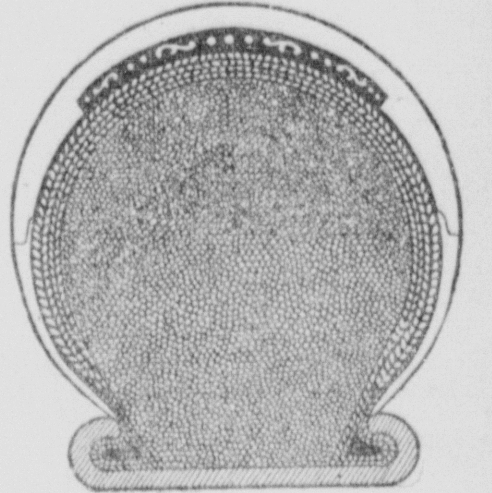

where a hearing will be had by the City Council of all interested property owners.

You are, therefore, notified: That the City Council of the City of Cameron will meet at Cameron State Bank in said city on the 4th day of April A. D. 1924, at 7:30 o'clock, p. m. then and there to hear all such property owners, their agents or attorneys, who may desire to present and register objections, if any they have, to said proposed improvements, and to show cause, if any they have, why a part of the cost of said improvements, as shown on said report of the said City Engineer, shall not be assessed against them and their property, as provided by law.

Witness my hand and seal of office, at the City of Cameron, Texas, this 4th day of March A. D. 1924.

43 3-t R. D. BROWN,
Secretary, City of Cameron, Texas.

J. P. Werner & Co. Cameron, Texas

SOCIETY NEWS

BY MRS. JEFF T. KEMP

MINISTER IS MARRIED.

An interesting wedding occurred in Noel Memorial church Shreveport, Louisiana, on Tuesday afternoon, March 5, 1924, at 6:30 p. m., the contracting parties being Rev. J. C. Huddleston of Cameron, and Miss May Jacobs of Shreveport, La.

Rev. J. C. Huddleston, who is pastor of the Minerva, Buckholts and Salem churches on Cameron circuit, has been living in Cameron since the last session of the Texas Annual Conference which convened in Cameron last November. Before his coming to Cameron he served some of the strongest churches in the gift of his church. He has made many friends here who will be pleased to welcome his bride into their homes and hearts.

Miss Jacobs, who has formerly made her home in Shreveport, is a Christian lady who will be an additional social factor to the town and community. She is an experienced stenographer, a valued worker in Noel Memorial church, a fine singer and Christian lady who, by her noble deeds and splendid qualities of mind and heart, has won the right to be a helpmeet to a popular Methodist pastor.

Rev. Huddleston and bride will remain in Shreveport for two weeks to attend the Billy Sunday meeting now in progress there. They will return about March 20th, when they will receive the congratulations of their friends at their home in North Cameron.

DINNER PARTY.

Misses Mae and Julia Marshall were hostesses to the following old friends on Sunday, March 2, in their home on North Fannin Avenue: Mrs. F. W. R. Hubert, Minerva, who was a house guest, Mrs. Mollie Lamkin, Mrs. Curry, Mrs. Vaughan and Mrs. Coos Slocumb of Cameron. An old fashioned turkey dinner was served at noon and the day in every way was a delightful one.

AUCTION FORTY-TWO.

The Tuesday Auction Forty-Two Club were entertained in the home of Mrs. Tom Henderson, Jr., on Tuesday afternoon, her mother, Mrs. Warren Stone of Mt. Clemens, Mich., being guest of honor. Other guests were Mesdames Ben P. Atkinson, J. C. Tucker, Albert Triggs, Oxsheer Smith, Tiff Moore, John Watson, T. J. Denson, T. S. Henderson; Misses

Sallie Kate McLane, Gladys Watson, Mary Lake Henderson and Winnie Henderson.

Violets made the reception suite attractive. At the close of the games Mesdames Claude Triggs, Chas. McDermott, Oxsheer Smith and T. J. Denson received the beautiful table favors which were Lavender Lady pin cushions.

Assisted by Mrs. Paul Webb and Misses Mary Lake and Winnie Henderson, the hostess served a two course luncheon.

PRISCILLA CLUB.

The Priscilla Club was delightfully entertained in the home of Mrs. John Martin on Thursday. The customary sewing and needlework was in evidence.

Mesdames Claude Triggs, B. F. Bonds, S. A. Cottle, H. F. Smith, Jr., J. C. Tucker, James L. Coleman of Rockdale, and Misses Mary Lake and Winnie Henderson were bidden to share the afternoon's pleasures. The following officers were chosen for this year:

President, Mrs. Alex Triggs.
Vice President, Mrs. Simmie Burns.
Secretary and Treasurer, Mrs. Judd Davis.

The hostess assisted by the Misses Henderson served a combination salad and ice course.

LIONS 42 PARTY.

Among the interesting affairs of the week was the 42 party in the Law-Sprinkel hall given by the Lions Club committee in the interest of funds for the Boy Scout movement. Places at tables were secured by tickets and a large number were present. Tables were arranged in the spacious hall, and each player received a sack of colored marbles for game markers.

Candy was served during the games and near the close of the evening sandwiches and hot chocolate was passed by members of the Lions Club committee.

MISSIONARY SOCIETY.

A business session of the Methodist Woman's Missionary Society was held in the church at 5 p. m. on Monday. Mrs. Walter Sharpe led the devotional service. Mrs. Lena Baskin presided, in the absence of the president, Mrs. Pope Sapp.

Mrs. Grover White as secretary, gave report of unfinished business.

Plans to make the last Lyceum attraction a success financially were discussed. Mrs. B. F. Bonds was made chairman of the Phone Committee.

Mrs. W. O. Triggs urged the payment of the pledge to the University of Texas Dormitory to be built for Texas girls by the Methodist Women before April 1, 1924. The quota for Cameron church was one hundred dollars, one half of which has been paid.

Mrs. Pope Sapp, Mrs. R. L. Batte and Mrs. W. O. Triggs will attend conference in Texarkana next week.

RUBY AND LOIS

ROBBINS ENTERTAIN.

Mrs. Kathryn Robbins entertained a party of young girls Saturday afternoon at her home in honor of the birthday of her twin daughters, Ruby and Lois. The members of Girls Club of the sixth grade and a few neighbors were the favored guests. Forty-two was the chosen diversion. Each table was centered with decorative bowls of home made candy which was enjoyed during the progress of the games. The rooms of the home were bright with spring flowers and the pink and white color scheme used for decorations was appropriate to the joyous occasion. In the dining room a beautiful birthday cake containing the emblems of good luck and fortune was cut and served with ice cream.

While each guest expressed in a characteristic way her wishes for the long life and happiness of the "Robbin's twins." The symbols were awarded as follows:

Helen Blaylock, wishbone.
Florence Atkinson, button.
Ruby Robbins, ring.
Florence Atkinson, button.
Lois Robbins, thimble.
Sue Griffin Webb, dime.

SCHOOL PICNIC.

Chaperoned by Miss Juanita Caldwell and Mr. Chaefner Sterling, members of the grammar school faculty, fourteen members of the senior class of grammar school enjoyed an afternoon's outing at Wilson-Ledbetter Park on Tuesday afternoon. Leaving the school building about 4 p. m. the picnic party walked to the Park where games were enjoyed until time for lunch. A fine feast was served to the following girls and boys:

Mittie Lou Howard, Kate Maples, Vivian Lamkin, Abbie Batte, Cornelia Gunn, Elizabeth McDermott, Bethel Middleton.

Henry McFadyen, Vance Slocumb, Mack Maples, Gene Crowell, Carl

Hopkins, Alvin Roberts, Paul Watson.

PARENT-TEACHERS.

The Parent-Teachers Association met Wednesday afternoon in the grammar school auditorium with a large crowd present.

The fourth grade pupils of Miss Laura Wendt, furnished the program.

Margaret Dusek furnished a piano solo and Dorothy Joynes read an original poem. A clever little Health Play was given by all the grade members.

Mrs. R. H. McIntosh read an excellent paper on "What Mothers Owe to Themselves."

In a business session it was decided that the association foster the organization of the Camp Fire Girls in Cameron. The campaign to secure funds through the Holland's Magazine subscription campaign was deferred until better health conditions prevail here.

LYCEUM NUMBER.

A large and appreciative audience greeted the Ladies Rainbow Orchestra in the Auditorium of the Yee High school on Wednesday evening. Each number on the well balanced program was loudly applauded. The opening number "The Storm" was spectacular and beautiful effects with rainbow colored lights was effected. "The Circus" was another number that provoked merriment by its realism.

The readings and songs were popular and catchy numbers and the ladies ensemble with Saxophone band was described by a high school student as "Keen."

Mrs. Hewling, the director, is a versatile woman of executive ability, and each member of the Rainbow Orchestra showed evidence of marked ability. It is hoped that this musical aggregation will be booked for a return engagement to Cameron.

Mrs. Leland Green for the Ladies Missionary Society of the Methodist church announced that this winter's Lyceum course had been a success financially and the ladies had great pride in the attractions presented this season.

The thanks of Cameron people are due Mrs. Leland Green for this, as almost alone, she has put, the Lyceum course over despite adverse conditions.

During the next winter season the Lion's Club have assumed responsibility for the Lyceum. Announcement of the proposed plan was made from the rostrum Wednesday evening by a member, W. O. Triggs.

LIONS CLUB WILL BACK INCENERATOR INSTALLED LYCEUM COURSE HERE FOR CITY DUMP GROUNDS

METROPOLITAN STAR IS COMING AS ONE OF FIVE NUMBERS OF COURSE.

The Lion's Club again takes the lead. This time to insure for Cameron the best possible entertainment and has signed for the return here of the Lyceum course now playing this city.

The Tuesday luncheon heard a discussion of the course and resulted in an almost unanimous vote approving the matter. The club will sponsor the course and will try and arrange the program so as to admit children in certain ages free to the numbers.

In the afternoon President Fisher and others met at the Yee High School to go over the number and five were picked including a metropolitan operator. The course will cost \$1,000. The plan is to begin at once to sell the tickets for the course, making them within reach of all.

The club luncheon was attended by the largest number yet seen since the organization of the club. Rev. E. S. Hutcherson, was toastmaster. Miss Nell DuBois favored the Lions with two solos accompanied at the piano by Mrs. Jack Foster.

A. C. Dunn, special representative of the Salvation Army was a guest and talked to the Lions about the work of the army.

Rev. R. S. Marshall delivered the principal address, taking community co-operation as his theme and using the Bible scripture "A House Divided Against Itself Cannot Stand" for his text. The speech was a strong appeal for unity and for co-operation in meeting the duties of citizenship as they relate to duties along civic lines.

R. P. Jeter, Max Collins, Geo. T. Graves and Dr. Jas. Watson were elected to membership in the club.

The club voted to enter the national attendance contest. The club expects the newly elected members to be at the next luncheon which will be held on Tuesday March 11.

G. C. Walters, manager of the Milam County Lumber Company, and two little boys returned to Cameron today from Brownwood.

Mrs. John H. Edwards and two little boys have gone to Ardmore, Okla., to spend some time with her mother.

Have your hemstitching done at W. A. Copus.

BURNING OF CARCASSES AND OTHER REFUSE PROVIDED FOR.

A great problem of sanitation has been solved by the city council on recommendation by C. R. Phillips, chairman of the street committee and N. J. Johnson of the street force.

A large pit has been dug on the grounds and irons placed to make a furnace and crude oil tank has been set up with feed pipes so the oil might be sprayed into the pit for burning. The carcasses are dumped on the grate and the oil used to burn them. It is thought the problem has now been solved and that the offensive and unsightly conditions will no longer exist.

The city at one time instructed that the dump grounds near the city gravel pit be not used further and that all matter for the dump be taken to the McLerran tract.

The solving of this dump ground menace is believed to be the most far reaching sanitary measures inaugurated during the past two years.

SAN GABRIEL BOY IS ADMITTED TO TRAINING CAMP AT SAN ANTONIO.

San Antonio, Texas, Mar. 6.—The Commanding General, 8th Corps Area, has approved the application of Cullen Isaac of San Gabriel, Texas, for admittance to the Citizens' Military Training Camp for 1924.

Mr. Isaac will take the Blue course, which is given to advanced students.

This young man will be privileged to attend the Citizens' Military Training Camp to be held at Fort Sam Houston, Texas, during the month of August, all his expenses being paid by the Government.

Mrs. Arthur Baskin and Miss Rosalie Baskin motored to Georgetown on Monday when Miss Anna Lou Baskin returned to her school duties there.

HARRY P. JORDAN GETS INTO SENATORIAL RACE

WACO ATTORNEY ASK ELECTION TO THE SENATE OF TEXAS.

Harry P. Jordan of Waco, lawyer, secretary of the Kiwanis club, and retired colonel of the Texas national guard, Sunday announced his candidacy for state senator from this district in the following statement:

To the Democratic Primary Voters of the Thirteenth Senatorial District:

I wish to announce my candidacy for nomination before the July democratic primaries for the office of state senator of the Thirteenth Senatorial district, composed of the counties of Limestone, Milam, Falls and McLennan. And at the outset, I desire to place my position clear before the voters of this district, so that there can be no misunderstandings, or cause for explanations in the future.

I am a Texan. I was brought up in Beaumont, educated in Texas public schools, was graduated from the Agricultural and Mechanical College and the law school of the University of Texas. Immediately after securing my supreme court license I located in Waco in 1898, and that same year was appointed assistant county attorney, which office I served for four years. In 1912 I was elected representative to the Thirty-third legislature from my county and again re-elected in 1914 for a second term. Since then I have not held public office.

The paramount issues that confront this state and which must be remedied that prosperity and contentment may be restored and remain with the people always, are:

First: I believe there should be a conservative and economic administration of state affairs, without stint, but only for efficiency. And it is not efficiency but extravagance to pay five clerks to discharge duties three can accomplish by conserving time.

Second: I believe taxes should be reduced. By removing that reckless, careless and apparent criminal extravagance and wasting of public funds, would bring this about. If conscientious and patient consideration is given to appropriation bills, a large saving can be secured to the state, and consequently a just reduction of taxation upon the people. Let us have courage to take up this torch of light and trim it so that it will give light to all without burning at both ends.

Third: I believe the advent of great promises are at our gates, and therefore our agriculture and manufacturing should be further encouraged by earnest co-operation. More raw products should be grown, and all that refined into the finished product by factories upon our own soil. The song of the whistle should be the vesper to the toiler of the field.

Lastly: I believe in law enforcement. Our country is a government of law. No monarch, king or prince prescribes our conduct. And while some law may not be to our liking, it should be in our keeping. The law is our civil conduct just as the Bible

is our religious conduct. If we break the latter, we are not reputed as a good Christian, and if we dishonor the former we should likewise be reputed as not a good citizen; and who would rather be less a good citizen than a good Christian? Keep the law inviolate, and by so doing, we all naturally become better citizens of whatever party affiliation.

These are the cardinal issues that are before the people of this state, and they must be adjusted, shaped and perfected by the legislators that the larger benefits shall insure to the state. And should I be honored with this office, I assure you that I will earnestly, sincerely and courageously give my best service and most faithful, conscientious and painstaking consideration to every such measure as well as to such other measures that shall come within the purview of the legislator that proper, just and lasting returns of all such endeavors shall insure to the people and the state.

Sincerely yours,
HARRY P. JORDAN.

EX-STUDENTS OF UNIVERSITY HOLD BANQUET.

Outstanding among the gala events on the week's social calendar was the annual Texas Day of the University of Texas meeting of the ex-students which was held on the second floor of the Yoc High School building on Saturday evening, March 1, 1924. During the social half hour preceding the banquet, Miss Eloise Rogers gave a vocal number accompanied by Miss Lucille Dickard.

The long banquet table featuring the orange and white in its decorations was set for fifty guests. At each plate was found an orange and white cap for the men and a Texas Blue bonnet for the ladies. Place cards were views of the University buildings accompanied by a souvenir booklet of greetings, yells and University songs from which Mr. Keeling led the guests in the familiar slogans during the progress of the banquet. Official Ballots for registry of his choice for members of the offices and members of the executive committee for the ex-students association which will be kept secret until September next were beside each plate. Baskets of yellow jonquils and white narcissi were placed at intervals along the banquet board and at each plate rolls of orange and white confetti with which each guest who made a talk was gayly bombarded furnished fun and merriment during the evening.

Hon. J. M. Ralston retiring president, conducted the election of officers and made his farewell address. Appreciation of his service was voted. The following new officers were chosen:

Jack Lewis, president.
Mrs. Ben I. Atkinson, vice president, reelected.
Miss Mary Lake Henderson, secretary.
Oxshier Smith, treasurer.

Hon. Eugene Wallace, presided as toastmaster, the following responses were enjoyed:

"The Peregrinus" Judge W. G. Gillis.

"University Relics" Miss Mary Lake Henderson.

"In the Good Old Summer Time" Mrs. K. K. Ribbins.

"The Pedagogies" Supt. T. A. Fisher.

Mrs. Vera Pool Meador of Mexico was present and responding to calls brought greetings from Texas-Exes in Mexico.

Elliott Atkinson presented the cause of the desired new Stadium. Tom Henderson, Jr., read humorous resolutions pertaining to the Stadium.

Giles L. Avriett reminded the ex-students of their duties in University affairs.

Jack Lewis, the president-elect, in

a brilliant after-dinner speech, accepted his trust and pledged the loyalty of the Cameron, Exes to the best interests of the University of Texas.

Assisted by the girls of her domestic science classes Miss Frank Duke Hightower served the following:

Grape-fruit cocktail, fried chicken, asparagus, olives, peas in potato wells, rolls, coffee, fruit salad, brick ice cream, angel food squares.

Half your Living Without Money Cost

You can make it easily at home. Hastings' Seeds, Plants and Bulbs. BAPTIST MISSIONS GREATLY EXTENDED

THE WORK ON FOREIGN FIELDS SHOWS LARGE EXPANSION FROM FORWARD MOVEMENT

NEW COUNTRIES ENTERED

Southern Forces Now Have Missionary Fields on Every Side of Globe With Audience of 900,000,000.

DR. J. F. LOVE,
Sec. Foreign Mission Board

Indicating the extent to which the foreign mission work of the Southern Baptist Convention has been set forward by the larger proceeds that have come to it from the Baptist 75 Million Campaign, Dr. J. F. Love, secretary of the Foreign Mission Board, reports that since 1919, when the Campaign was projected, the following increases in the work of that board have been made: Number of foreign missionaries on the field has increased from 328 to 540, number of native workers from 627 to 2,820, number of churches from 505 to 831, number of church members from 49,659 to 163,328, number of self-supporting churches from 143 to 211, number of baptisms per year from 5,625 to 12,611, number of Sunday schools from 760 to 1,447, number of Sunday school pupils from 35,115 to 67,407, number of day schools from 512 to 796, number of pupils in day schools from 15,722 to 32,789, and contributions per year from \$173,372 to \$437,568.

Baptisms Gain Rapidly
Nearly as many persons have been baptized by the missionaries on the foreign fields since the Campaign began as had been baptized during all the seventy-five years of missionary operations prior to the inception of this movement, Dr. Love reports. This does not include Russia, where more than one million members have come into the Baptist churches in recent years. Nearly one-fourth as many persons were baptized on the foreign fields last year as there were members, all told, on the foreign fields when the Campaign began.

At the time the Campaign began Southern Baptists were operating only in Mexico, Brazil, Argentina, Chile, Uruguay, China, Japan, Africa and Italy. As a result of the larger proceeds made available from the Campaign the board has been enabled to enter the new fields of Spain, Yugoslavia, Hungary, Roumania, and Russia in Europe, and Palestine and Siberia in Asia. This gives to Southern Baptists a total missionary audience of 900,000,000, or more than one-half the total population of the globe.

Older Fields Re-Enforced
But of more significance than the entry into these new fields is the reinforcement that has come to the work in the older fields, in the estimation of the officials of the Foreign Mission Board. This reinforcement consists not only in sending out many new workers but providing larger equipment in the way of church houses, mission residences, schools, hospitals, orphanages, publishing houses and the like. Summarizing the growth that has come in the forces on the older fields since the Campaign began the following results are pointed out:

Number of churches, 76% increase; number of church members, 108% increase; number of church buildings, 45% increase; number of schools, 55% increase; number of pupils, 108% increase; number of residences for missionaries, 94% increase; number of foreign missionaries, 63% increase; number of native missionaries, 264% increase; number of hospital buildings, 21% increase; number of treatments given, 61% increase; number of hospital beds, 104% increase.

Much Remains To Be Done
With all the increases that have come in the foreign mission work only a portion of the program that was contemplated for foreign missions as a result of the Campaign has been accomplished as yet. It is in the hope of completing this program through more effectively equipping the work and workers on both the older fields and the new ones that the representatives of the Foreign Mission Board are cooperating with those of the 75 Million Campaign in an effort to complete the payments of all subscriptions to this movement at this time.

HOUSTON BAR ENDORSES GOV. LYNCH DAVIDSON

ONLY CANDIDATE FOR GOVERNOR OF TEXAS WHO IS NOT A LAWYER.

Houston, Texas, March 3.—A meeting of members of the Harris County Bar here Saturday morning unanimously endorsed the candidacy of Lynch Davidson of Houston for Governor. Lynch Davidson is the only one of the many candidates for Governor who is not a lawyer. The meeting was held at the court house. Judge Ben Campbell, former mayor of Houston, presided.

The resolution, which was drafted by a committee composed of Judge Norman G. Kitchell, Sr., Judge L. R. Bryan and Judge L. B. Moody, is as follows:

"Whereas, Lynch Davidson has announced his willingness to serve as Governor of this state, subject to the action of the Democratic party;

"And Whereas, he has resided in the City of Houston for the past twenty-seven years, and it is well known to all of us that he possesses executive business ability of the very highest order, as has been demonstrated by the manner in which he has managed his own affairs and the successful result of such management, and as has been demonstrated further by the masterly manner in which he has conducted such public business as has heretofore been entrusted to him, notably, the State Railroad, which the Legislature, after a vain attempt to give it away, placed in his hands less than three years ago, to do with as he thought best, and which in that short space of time he has transformed from a liability to an asset worth more than One Million Dollars, without an expenditure of one cent of the State's money;

"And Whereas, he is fully qualified by long and varied business and legislative experience to solve the numerous business problems with which our state government is now confronted;

"And Whereas, he is a man of the utmost probity and integrity and fearless and unflinching in his devotion to right and justice;

"And Whereas, in the conduct of his business as manufacturer of lumber he has been, and is yet, the employer of a large number of laborers to whom he has always paid satisfactory wages and treated with unvarying fairness and justice;

"And Whereas, he has solemnly pledged himself that he will, if elected,

carry into the state government an experience and ability that will enable him to restore this state's affairs to a sound financial basis, and that he will take the helm of state unhampered, unrestrained and uncontrolled by any class or kind of special interest, group, bloc or association, and that it will be his endeavor to give each and every citizen of Texas, regardless and irrespective of his affiliations and associations, a fair, square deal;

"And Whereas, we have the utmost confidence that he will carry out successfully each and every one of the above pledges;

"And Whereas, we fully endorse his platform concerning the needs and ills of this state, and the remedies which he proposes, all of which we believe to be practicable, and which will unquestionably result in a much more efficient administration than we have heretofore enjoyed at greatly reduced cost;

"Now, Therefore, we, members of the Harris County Bar, do hereby in all things endorse the candidacy of Lynch Davidson for Governor of this State and bespeak for him the active support of the Democrats of Texas."

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Menthosulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Menthosulphur at any drug store.

RUPTURE

EXPERT COMING TO CAMERON

Will give Free Demonstration on

Wednesday and Thursday March

19 and 20 at the

AUDITORIUM HOTEL.

Hours Wednesday 10 to 4, Thursday from 10 a. m. to 2 p. m.

TWO DAYS ONLY.

THEY COME MANY MILES TO SEE HIM.

On above dates C. F. Redlich, the noted rupture appliance expert, will give a free personal demonstration on his latest appliances to relieve ruptures at once and permanently.

Persons with ruptures should not delay, but promptly avail themselves of this chance, because postponement neglect or an ill-fitting, old style truss always turns a mild and easily relieved case into a troublesome, even dangerous one, necessitating surgical operation.

Large and difficult cases are especially invited and should come at once and be convinced of the immediate relief obtained by the use of these different and superior appliances.

FREE! Milk Scale

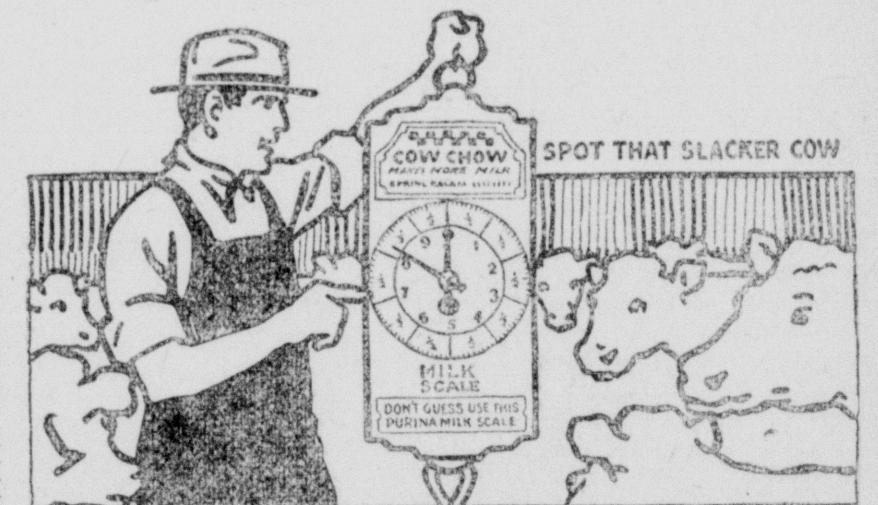

Did you ever weigh your milk and weigh your feed to see how many slackers you have in your herd? Let us lend you a pair of Purina Milk Scales so you can check up your cows to see how many pay for their keep.

After you have done this feed Purina Cow Chow to the herd. The scales will show you just how much more milk you get. And here is a thought—if Cow Chow does not put the slackers on a profitable paying basis, nothing will. You will be money ahead to get rid of them.

We make you a present of the scales after you have fed—sacks of Purina Cow Chow. Call or phone for particulars.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Dr. J. C. Fletcher, just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

STUDEBAKER CAR SETS 4 RECORDS IN AFRICA

REMARKABLE PERFORMANCE
OF AMERICAN MADE CAR
IS CITED.

Johannesburg, March 4.—Old timers of the Boer trek wagon trails thronged around a mud-daubed automobile, when it drew up at the curb on a main thoroughfare in Johannesburg today.

The machine, a Studebaker Light-Six touring car, had just written a new page in the colorful history of the Union of South Africa. Without a pause in the motor's steady throb, it had set four records in traveling the old settler routes, completely circling the Union, in less than 100 hours—a perilous trip that once took weeks for the bullock carts.

Not only did the Studebaker establish a new round-trip record around the Union, but it also shattered three other records between points along the course. Notable among these was the new running time of 35 hours and 57 minutes between this city and Cape Town. This was a distance of 996 miles.

A standard stock model was driven out of Johannesburg by H. F. Bright and W. B. du Preez. They drove over mountainous roads thick with mud to Cape Town, then thru Payne, Fred Seantlebury, L. O. Fort Elizabeth, East London, Kokstad, Durban and return. The car made a 2,687-mile circle.

Running time from the start here and return was 99 hours, 46 minutes. Gasoline consumption averaged 21.5 miles per Imperial gallon. The gasoline mileage was unusually high, motorists agreed today, considering that an average speed of 26.75 miles an hour was maintained along roads broken by frequent streams, which compelled fording.

Numerous washouts, due to heavy rains, forced the car to travel along long stretches of hilly, slippery roadway, subjecting the Studebaker and its drivers to severe test. For this reason the trip proved one of the most sensational ever staged in South Africa.

The maze of roads running around hundreds of diamond diggings, near Kimberley, brought confusion to the record-breakers. The running time suffered serious disadvantages through time lost in opening and closing cattle gates. Metropolitan motorists may be surprised to know that actually 309 gates barred the Studebaker's path.

Returning to Johannesburg, the Light-Six was examined by several hundred motor car owners. The engine was still running smoothly. The body was unimpaired—although it was thickly coated with mud, from avels to top. Then a careful examination of the chassis showed that the car had gone through the grueling strain without the slightest breakdown.

"We knew the Studebaker would go through with it," declared B. Penney, Johannesburg motor dealer. "We hoped for a record. But, honestly, we did not expect the four records the car made."

"We felt that it could cover the distance according to the express schedule we had mapped out, and it accomplished what no other car has done. We proved that it is master of muddy mountain roads as well as crowded city traffic."

But the olden-day bullock drivers, grizzled veterans of once toilsome trails over which the motor car flew, still shake their heads and talk of the change an automobile from South Bend, Indiana, has wrought in the story of South Africa.

FOR SALE—New Ford Touring Car right. See John Muse.

Ouch! Rub Backache, Stiffness, Lumbago

Rub Pain from back with small trial bottle of old "St. Jacobs Oil."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Limber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica. Because your back will never hurt or cause any more aches. It never disappoints and has been recommended for 60 years.

Marie's the Cause Of It All

HOLD your breath and take a good look at piquant Marie Prevost! Aren't you glad to see her back again?

And Marie's the cause of it all in "The Marriage Circle," an Ernest Lubitsch Production for the Warner Brothers.

We hear that Marie camps like everything in "The Marriage Circle" and could keep a good construction company busy for years rebuilding the homes she wrecks.

Outside of that Marie is a nice girl; plays with her kittens, eats chocolate creams and is a fiend—yes, sirc! a fiend for chocolate soda!

HIGHEST PRODUCTION POINT REACHED BY HUDSON-ESSEX PLANT.

"The Hudson Motor Car Co. is at the highest point of production in its entire history," declares Horstmann Bros., "and that is particularly fortunate for us, because the demand for the new Essex-Six is far ahead of the supply."

"I have seen new automobile models come and go, almost from the beginning of the industry, but I never before saw a car take hold on public demand, and keep that hold, as has the new Essex six."

"There is no doubt but that twice, and probably three times, as many motorists will buy Essex car sin 1924 as did in 1923."

"It would not surprise me if in 1924 Hudson would become the largest exclusive producer of six cylinder cars in the world, counting on a larger number of Super-Sixes and a multiplied production of Essex. Certainly we shall make in 1924 more six cylinder enclosed cars than any other company. Seventy-five per cent of Hudson-Exsex production is enclosed, as against 40 per cent for the industry."

"The machines and manufacturing methods which make this new Essex possible at its unusual price are

among the most interesting sights I have ever seen.

"They range from mighty steam hammers and giant grinding machines to little devices so delicate and sensitive that they put human powers of perception and measurement to shame. There are whole rows of automatic machines which work to an exactness worthy of a watch-maker or jeweler."

"One of the most interesting machines was a delicate testing device for checking the balance of the crankshafts. A crankshaft revolves about 1500 to 2000 times a minute for average driving, and unless it is perfectly balanced it sets up vibration. To guard against this, each Hudson and Essex crankshaft is placed in a special testing machine and revolved. This device is so minutely accurate that it registers visibly a mere tapping with the fingers. It discloses immediately every unbalance, however slight."

"This inaccuracy is then corrected, and the shaft is re-tested until it is exactly right. This eliminates one of the principal causes of vibration and results in the remarkable smooth running of the new Essex."

"The plants are light, clean and equipped with the latest safety devices. Raw material enters the factory, and after inspection moves

steadily through the various manufacturing operations toward the point where it is finally installed as a part of the complete automobiles. The work is greatly sub-divided and specialized, and when one task is finished the material moves on to the next group of men. It is all on a carefully maintained schedule, with no confusion, haste or waiting."

"In the Hudson factory, ninety per cent of the constituent parts which make up Hudson and Essex cars are manufactured and finished. Even such units as axles, clutches, and transmissions are produced by Hudson's own working force in its own plant—not bought outside and assembled. That means only one manufacturing profit."

Cramping Spells

"FOR MORE THAN A YEAR I had been in a very bad condition," says Mrs. R. E. Kimbrell, of Route 1, Dorchester, Texas. "I suffered with cramping spells which gave me bad pains in my back and sides. Sometimes I would have to catch at something, I would get so suddenly dizzy. ... I had to quit doing my work. I tried many remedies, but none of them seemed to do me any good."

"In April I went up to Arkansas to visit my sister. ... She said to me, 'While, if you are going to take anything, take Cardui. It will really help you.' I came home and told my doctor what she had said and he said I could not take any better tonic, so my husband immediately got me a bottle and I began it. ... My case was a pretty tough one, I know, so I kept on faithfully. After the fourth bottle, I began to feel very much better, so much so that I was surprised at myself. I have taken six bottles now and I can truly say I feel like a different woman. ... I feel fine and I owe it all to Cardui, which I took faithfully."

OPPORTUNITY COUPON.
Good for 100,000 Extra Votes.

Member's Name _____
Address _____
This Coupon and a one (1) year paid in advance Subscription to The Cameron Herald or the equivalent thereof, entitles the member to 100,000 extra votes in addition to the regular schedule.
ONLY 4 OF THESE COUPONS ALLOWED ANY MEMBER.

AN UNUSUAL FEATURE.

In order that absolute fairness and impartiality may be observed, and to offset any opinions that may be formed as to dealings with candidates, this huge circulation drive will be entirely in and conducted under the supervision of an advisory board. The board will be made up of men of prominence whose honesty and integrity is above reproach. They will make it their duty to see that

the contest is open and above board; that candidates will receive exactly the prizes to which their votes entitle them: that no votes are issued except in exact accordance with the rules of the contest, the interests of the candidates come first. The Advisory Board will be made up of men chosen by the workers who take part in the campaign.

The object of this drive is to increase the circulation of The Herald. It has no aim or desire other than that. The prizes that are offered can be won ONLY in a legitimate manner, and under a method which we will gladly explain to those interested. And The Herald, through its advisory board, will see that EVERY ONE gets fair and impartial treatment.

List of Prizes

One 1924 model Essex Six Coach. This car was built for speed but it has the other good features such as convenience, comfort and beauty. It is just the car any lady would wish for. Purchased from and on display at The Tire Store, Horstmann Bros., Dealers in Hudson and Essex Automobiles, Cameron, Texas.

VALUE.....\$1145.00

One 1924 model Chevrolet Touring Car, a car that is at your command at any and all times—hardy, convenient and beautiful—The equivalent of \$95.00 per week. This prize purchased from and on display at the White-House Motor Company, Dealers in Chevrolet Cars and Trucks.

VALUE.....\$588.11

One Radio Receiving set. Something that you have always wanted but have considered it extravagance or a luxury. Now offered free to some willing worker. Purchased from W. H. Lawrence, Cameron, Texas.

VALUE.....\$90.00

One Scholarship in the Tyler Commercial College given especially to meet the demands of some young man or young lady of the more ambitious sort. A life scholarship, worth when presented by a student

VALUE.....\$70.00

One 26 piece set of Rogers Silverware of latest design. This silverware is put up in a very attractive satin lined case. Purchased from and on display at R. H. Johnson's Jewelry Store.

VALUE.....\$35.00

One Ladies' Ivory Set—a beautiful set in Painted design with satin lined leatherette case. Purchased from and on display at R. H. Johnson's Jewelry Store.

VALUE.....\$26.00

Four Ten Dollar Merchandise Purchase orders.

CASH COMMISSIONS ESTIMATED AT \$1,006.00.

How The Prizes Are Awarded

The First Grand Prize, the Essex Six Coach, will be awarded to the candidate polling the highest number of votes in the entire field.

The Second Grand Prize, the Chevrolet Touring Car, will be awarded to the candidate polling the second highest number of votes in the entire field.

The candidate polling the third highest number of votes will be awarded the Radio Set.

Then after the Radio Set, the candidate polling the next highest amount of votes will receive the \$70.00 Scholarship.

The next highest number of votes will win the Silver Set.

Then the next highest will win the Ivory Set.

After the Ivory Set is awarded, the next four candidates in order will receive Ten Dollars in Merchandise.

Candidates failing to win a prize as listed above and who remain active throughout the entire campaign as is set out in the rules and regulations of this contest, will be paid 25 per cent commission on all new paid subscriptions turned in.

MANY OTHER VALUABLE PRIZES

READ DETAIL AND OUTLINE OF STUPENDOUS PLAN BELOW

Wake Up! Wake Up!

You have heard that old, old story of how Opportunity came in the guise of a good fairy and knocked at the door of all. The story goes that some were wise and heeded the knock, while others slept. Only one of the two were rewarded. Do you remember which? That's it! The wide awake ones in the fairy tales received handsome rewards, and those who slept while Opportunity knocked may never have cause to wake again.

Opportunity may come to us many times or it may come to us but once in a lifetime. Yes, it comes in many guises, but never has it descended upon you with such astounding force as it has in this tremendous drive for subscriptions.

You Can't Lose

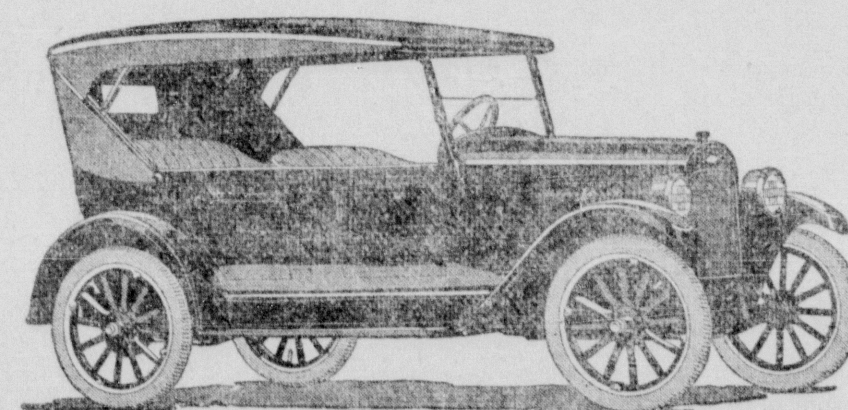

The plan of this contest has been so arranged that it is impossible for you to lose. All active non-prize winners will receive a twenty-five per cent commission on all new paid subscriptions turned in. This indeed is the opportunity of your lifetime. Why not grit your teeth, and with a determined "I will" go out and win yourself a car—a Handsome Closed Car—a \$1145.00 Essex Coach.

You're Bound to Win

Years will pass before such opportunity is offered to you again—it may never come your way again. Make the most of this one opportunity. Do not procrastinate. Fill out the blank below and send it to us. We will send your supplies to you, then it's up to you to win the car.

AND REMEMBER—SUCCESS COMES ONLY
TO THOSE WHO DO AND DARE.

The Opportunity of a Lifetime

The Publishers of the Herald take pleasure in announcing the most stupendous automobile and prize campaign ever undertaken by any paper in this section.

One \$1145.00 Essex Coach, the Chevrolet Touring Car, the \$90 Radio set and numerous other prizes, with unlimited cash commission checks, will be showered lavishly upon the residents of this section.

This remarkable opportunity is open to the ladies of this and other counties, and a fortune in prizes is to be given in return for a little effort on their part. Never before has an opportunity of this magnitude been made by the Herald and the opportunity may never come again.

To win one of these luxurious prizes is but a matter of ambition. You have always wanted an automobile of your own. Let the Herald give you one free!

Any lady residing in the prescribed territory can share in this wonderful prize distribution by entering as a candidate, for it is only necessary to clip, fill out and send in the nomination blank, which will start the entrant with 5,000 free votes. Once a candidate is entered the merry pastime of gathering votes begins. Votes alone will decide the winners, and they can be secured by the thousands by having your friends subscribe for the Cameron Herald.

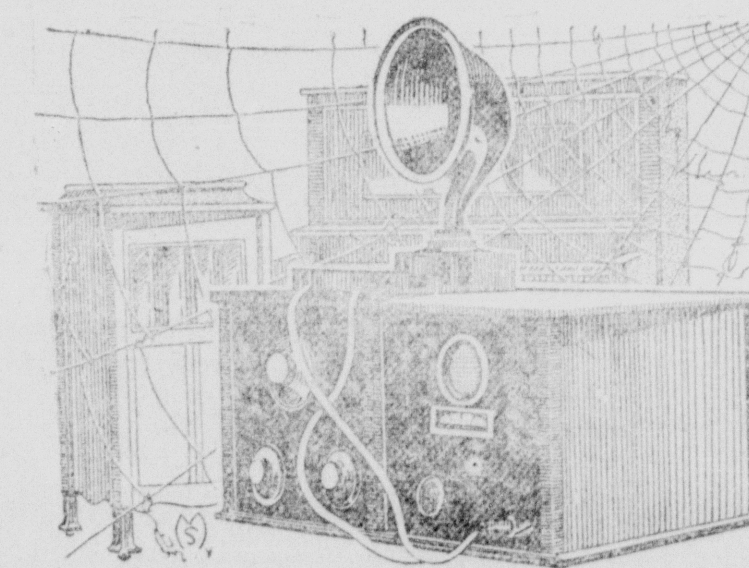

It does not cost one cent to compete for the prizes either now or later. Any lady is eligible to enter and compete.

Do you realize that one of these splendid prizes may be for YOU?

SOME ONE is going to have the superb Essex Six Coach, the economical Chevrolet Touring Car, the Popular Radio Set, and the other prizes. There is no reason it should not come to you. A fabulous reward can be yours in return for a little pleasurable work among your friends and neighbors, and you are not called upon to risk one thing.

Pick out your prize and then go after it. The nomination blank will be found on this sheet. SEND IT NOW.

RULES And REGULATIONS

The campaign officially opens Monday March 10, 1924, and lasts for six weeks only, closing Saturday April 19, 1924.

Any lady over fourteen years of age, who is of good moral character, and is a resident of this section of the State, married or unmarried, old or young, is eligible to compete in this election. Candidates under fourteen years of age are not allowed to enter without the consent of their parents or guardians. No employee or stockholder of The Herald or member of the employee or stockholder's family can enter to compete for any of the prizes. The Herald reserves the right to reject any nomination.

Any candidate nominated and not wishing to continue the race, must notify the campaign manager in writing within ten days after his or her name appears in the printed list.

Candidates are not confined to their own particular section in which to work. They may take subscriptions anywhere. Candidates may have anyone anywhere work for them.

The votes in this campaign are free. Votes are based on new and old subscription payment to The Herald. Cash must accompany all subscriptions where votes are issued.

Votes cannot be purchased in this campaign. Every dollar accepted through the campaign must represent a subscription payment.

Votes issued on subscription payments during this campaign may be held in reserve by the candidate or can be cast and polled at the discretion of the candidate.

Vote coupons for different amounts will be printed in each issue for the first few weeks, which when neatly filled in and brought or mailed to the campaign department, will count for the number of votes printed thereon.

No statement or promise made by any representative or candidate varying from the rules and regulations as published in the columns of this paper will be recognized by the campaign department.

The list of candidates nominated will be published from time to time.

Votes are not transferable, and no candidate can withdraw and give her votes to another candidate. Should a candidate withdraw from the race his or her votes will be cancelled at once.

In case a contestant quits working for herself and works for other candidates her votes will be cancelled.

and under NO circumstance will she receive commission or prize in her name.

The winner of the prizes will be decided by their accredited voters, said votes being represented by vote ballots issued on subscription payments.

In case of a tie contestants will receive prizes of equal value.

In case of a typographical error, it is understood that neither the publisher of this paper nor the campaign manager shall be held responsible except to make the necessary corrections of same.

Every candidate who enters this campaign is an authorized agent of The Cameron Herald and as such may collect arrears and past due subscription payments from present subscribers to The Cameron Herald as well as payments for new subscribers.

The Cameron Herald guarantees FAIR AND IMPARTIAL treatment to every candidate who takes part in the campaign, but should any question arise the decision of the advisory board will be absolute and final.

There will be a number of prizes awarded in the campaign besides 25 per cent cash commission on all new subscriptions to all ACTIVE non-prize winners, but it is distinctly understood that in the event any candidate becomes inactive, failing to make a weekly cash report, he or she will, at the discretion of the management, become disqualified and thereby forfeit all rights to a prize or a commission.

The judges' awards are final and in no instance will a commission be paid in lieu of a prize.

Contest will be closed under the SEALED BALLOT BOX system. On the last week of the campaign candidates will deposit votes and business for the week in a SEALED ballot box that will remain in the local bank. This box will not be opened until a prescribed time and all subscriptions must be in the box before that time. Under no circumstance will contestants be allowed to place votes in the box after the prescribed time. This is to insure fairness to all parties concerned.

The Herald reserves the right to amend the rules of this campaign if it becomes necessary, for the protection of the interest of both the club and the newspaper. In accepting nominations, candidates agree to abide by the above rules and regulations.

\$2,000 Prize Goes to Woman Who Works for Work's Sake

"I did not enter the contest for the sake of the money," said Mrs. O. H. Dennis of Erie, Pa., when recently she was handed a leather cheque for \$2,000, first prize in a world-wide essay contest on "Nothing Takes the Place of Leather."

"Of course," she smiled down at the cheque, "it is nice to win so much money. But I really think I got it by my interest in the subject itself, regardless of the reward. One of my father's phrases was, 'Work for the work's sake.' It has been one of the precepts of my life."

Wins Against 44,000

Mrs. Dennis proved what work for its own sake meant when she went about composing the essay that won the prize in competition with nearly 44,000 other contributors. Although she leads a busy life as a wife and mother, as well as being one of several society women who are responsible for the success of Erie's municipal theatre, "The Little Playhouse," she proceeded as though there was nothing to be thought about for the time being except her essay on leather.

She told about it in New York, to which city she traveled for the first time in her life, accompanied by her husband and eight-year-old son, to receive her award in person from the President of the American Sole and Belting Leather Tanners.

Getting Her Information

"I spent an entire month studying the leather market," she said. "Then I set about getting information from persons who knew most about leather—the postman, the policeman, who use a good deal of shoe leather, the cobbler, the shoe

MRS. OLIVIA H. DENNIS

dealer, foremen in factories where leather belting is used, and with business men and sales people. I wrote to Washington to get statistics about the use of leather in the Army.

"Wrote and Re-wrote"

"After I collected my material I sat down and wrote and re-wrote my essay to make it coherent and emphatic in its presentation of the facts," she continued. "Finally I was satisfied and sent it off to New York and forgot about it—until I got the very welcome message that the judges had awarded my effort first prize."

Mrs. Dennis said she is not a professional writer. This contest, in fact, was her first. She simply applied the principle she tries to apply to everything. "Do the work with enthusiasm. If you do it well you will have ample satisfaction if nothing else." This time, as sometimes happens, something else accrued to her as well.

MORGAN LIBRARY VALUED AT \$8,500,000 GIVEN TO PUBLIC

The unique and priceless collection of books and manuscripts begun by the elder J. Pierpont Morgan, no longer exists as one of the greatest private libraries in the world. It was turned over last week by Mr.

Morgan to six trustees who were appointed to administer it as a public reference library. The building adjoins the beautiful Morgan Mansion and goes with the gift, together with an endowment of \$1,500,000 to maintain it. Photo shows an end of the room showing the great height of the shelves.

choosing Balloon Tires. Take no chances—buy Firestone Gum-Dipped Cords and Steam-Welded Tubes—the

original and only commercially tested low pressure tire with tubes engineered for same."

BALLOON TIRES ANSWER NEEDS OF MOTORISTS

FIRESTONE DEALER IN TALK EMPHASIZES VALUE OF NEW TIRE PRODUCT.

"Car owners who desire the real comfort of Balloon Tires should give attention to the balance of these tires," says O. B. Horstmann of the Tire Store, local Firestone distributor.

"For even a few ounces extra weight at any point in a revolving wheel, will develop into a hammering effect known as vibration or 'shimmy,'" he continued. "As an illustration, take a bicycle wheel wound at one point on the outer edge with wire rope, which is heavy enough to give an unbalanced effect. If this wheel is placed on an axle, held up with one hand and revolved at a fast rate of speed, the hand will soon begin to wobble. But if the wheel alone—without the rope—is revolved, it can be held indefinitely.

"The importance of this balanced equipment was very clearly brought out in some recent tests conducted by a prominent motor car manufacturer in co-operation with Firestone Engineers. It was proved conclusively that much of the high-speed vibration which is noticeable in a car can be avoided with Balloon Gum-Dipped Cords and Steam-Welded Tubes because of their carefully balanced construction.

"The average car owner will be amazed to know that every piece of rubber and fabric which goes into a Balloon Gum-Dipped Cord, is first minutely gauged, measured and weighed. Also, every operation from the time the building of the tire starts, is closely inspected. And only tires which will pass the final balancing test, on a special Firestone machine, are accepted.

"Equal care is exercised in maintaining correct balance in Steam-Welded Tubes. The same high standards and strict inspections are enforced, so that every assembled Firestone Balloon Cord and Tube is sure to be a well balanced unit when it reaches the car owner.

"Firestone takes these precautions to secure a balanced tire and tube so that in case vibrations or 'shimmy' are still present, the car owner will know that it is due to some other part of the wheel assembly. However, any good tire dealer can quickly correct such troubles. But because of the great difficulty which would be experienced in attempting to correct an unbalanced tire, the wise car owner buys only the make which he knows is properly balanced by the manufacturer.

"Occasionally, to rid a car of vibration, it may also be necessary to adjust the steering mechanism and replace worn parts, which are simple jobs for the mechanic.

"Tires that cause any changes of

the mechanical operation of the car, should be carefully avoided. Balloon Gum-Dipped Cords do not, because they have about the same circumference as the regular cords they replace—due to the smaller size wheels on which these tires are mounted.

"On the other hand, there are tires which are called balloon type or semi-balloon which are said to go on the same wheels as are now used. Obviously, the increased size of the tire will raise the car higher off the ground, cause top-heaviness, change the car's center of balance, increase the gear ratio, cut down the power and have other equally bad effects.

"Local car owners should realize how important it is to use care in

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It
Brings Back Its Beautiful
Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Don't Pay \$1,000 or More for a car, without knowing what the leader offers in the fine-car field

WE made a canvass of many who bought rivals of Studebakers. We said, "Tell us why you liked your car the better." The majority said, "We did not even look at the Studebaker." Most of them bought new models of the car they owned before.

Yet Studebaker is a leader in the fine-car field today. Studebaker builds more quality cars than any other plant in the world. Studebaker is the sensation of modern Motordom. Its amazing growth signifies a new situation in this field.

Last year, 145,167 fine-car buyers paid \$201,000,000 for Studebaker cars. Nearly three times as many as in 1920.

Is it fair to yourself—or fair to us—not to learn the reasons for this trend?

Facts to consider

Studebaker assets are \$90,000,000—all staked on satisfying, better than others, buyers of high-grade cars.

Over 23,000 men have their future at stake on giving you maximum values.

\$50,000,000 in modern plants and equipment, of which \$32,000,000 has been added during the past five years.

\$10,000,000 in body plants to give you superlative beauty. To give that final touch for which Studebakers have been famous for decades.

125 experts who devote their whole time to studying betterments. Who make 500,000 tests per year to maintain our supremacy.

Consider Studebaker history. For 72 years this concern has stood for high principles and policies.

For two generations, against all the world, it held first place in horse-drawn vehicles.

LIGHT - SIX

5-Pass. 112" W.B. 40 H.P.	
Touring	\$1045.00
Roadster (3-Pass.)	1025.00
Coupe-Roadster (2-Pass.)	1195.00
Coupe (5-Pass.)	1395.00
Sedan	1485.00

Now for years its name and fame have been committed to like attainments in fine motor cars.

If you only knew

There is no room here for details and comparisons. You will find them all in Studebaker showrooms. But let us cite some significant facts.

That lack of vibration, so conspicuous in Studebakers, costs us \$600,000 yearly in extra machining of crank shafts.

That matchless strength in vital

worked out to exactness for supreme service in its place.

We employ 1,200 inspectors to make 30,000 inspections of the material and workmanship in each Studebaker car—before it leaves the factory.

Consider how Studebaker has always led in the building of high-grade cars. We were first to use cord tires as standard equipment. We were the first quantity manufacturers to build bodies of the highest grade.

If you want beauty, fine upholstery, rich finish and equipment, consider that Studebaker has had more experience in fine coach building than any other motor car maker.

Our place no accident

The pedestal place which Studebaker holds in the fine-car field is not the result of accident. It comes from principles as old as this business—the ceaseless and determined ambition to excel.

Learn the result of these efforts. Compare detail by detail, part by part, with any car you wish. When you foot the advantages, you will find that they number scores.

These are facts you should know. They are inducing 150,000 per year to choose Studebaker cars.

Some sell at \$1,045. Some meet with every requirement in size and power and luxury. But the chassis are all alike, save in size. The same steels, the same standards throughout. Every important Studebaker part represents the best we know.

People have learned these facts—hundreds of thousands of them. The demand for Studebakers has almost trebled in three years. It has become overwhelming, even for our facilities.

Investigate the reasons. You will find them by the scores. Then, if you choose a rival car, we shall have nothing more to say.

See the Studebakers

Studebaker builds more fine cars than any other plant in the world.

Last year 145,167 wise motor car buyers paid \$201,000,000 for Studebakers.

The demand has almost trebled in the past three years. Studebaker now holds a leading place in the high-grade field.

Our modern plants and their equipment cost \$50,000,000. All to give you the maximum value at the minimum of cost.

It is folly to buy a car in this class without knowing what we give.

parts comes from the costliest steels. For some we add 15% to the quoted price to get exactness in them.

That Chase Mohair, used in our closed cars, is made from the soft fleece of Angora goats. Cotton or ordinary wool, or a combination of both, could reduce our price \$100 to \$150 per car, but it would sacrifice Studebaker quality.

Note the bumpers, the steel trunk, the extra cord tires, the motometer, the courtesy light on some models. Figure what they would cost as extras.

The infinite care

We use 35 formulas for steel, each

The Development of our Railway Net in Texas

By WALTER SPLAWN
Railroad Commissioner of Texas.

The most important assistance to railways during the period 1870 to 1890 was State aid. This took two forms; one the granting of State bonds, the other of State land. In 1870, an act by the Legislature provided that State bonds should be furnished the International Great Northern railroad to the amount of \$10,000 per mile. An act of 1871 likewise provided that \$6,000,000 of 8 per cent, 30 year State Bonds should be furnished the Texas & Pacific Railroad Company. However, neither of these bond issues was made available for railway purposes. There was such opposition that some of the State officials refused to sign the bonds and the next Legislature repealed the law.

From 1869 to 1873 there were no land grants for the benefit of railroad construction. In 1873 an amendment to the Constitution made land grants to railroad lawful. From 1873 to 1875, 42 companies were chartered, 12 of which carried on construction and 10 in sufficient amount to obtain land. Under this law 16 sections were granted per mile constructed. However, the International Great Northern and the Texas & Pacific each received 20 sections per mile. This was because of a compromise after the failure

of the proposal to furnish aid to these roads by means of State bonds. The International Great Northern also received tax exemption for a period of 25 years. In 1876 a general railroad incorporation and land grant act provided that a road should receive 16 sections of State land for each mile constructed.

This land was to be sold one-half in six years and all of it in twelve years. Under this law 67 companies

were chartered and 12 of them obtained land. From 1852 to 1882, 41 railroad companies received land in blocks from 49,000 acres to 5,177,000 acres. The total given railroads amounted to 38,900,800 acres. Just what this land brought no one has ascertained. It probably averaged not more than \$1 per acre if that much. In 1890 the capitalization of railroads in Texas was as follows:

Bonds	\$233,000,000
Stocks	\$177,000,000
Other indebtedness	\$ 30,000,000

West Texas Farm and Ranch Lands

If anyone wants farm or ranch lands in West Texas in Lappan Flat write me. I have ranches, farms and stock farms for sale. Address

Joe N. Luce
Miles, Texas.

Making a total of about \$440,000,000. Just what it cost to build these 8,800 miles we had in 1891 has never been determined, and owing to the absence and destruction of records will never be known with accuracy. Since 1891 railway construction in Texas has continued until we now have about 16,000 miles of railroad.

The great problem in the early days was to get the railroads built. Now that we have the railway net pretty well developed, the problem is how to obtain the most efficient service at the least possible cost.

Men and Money

Make This Bank Secure

There are two ways of measuring the strength and standing of a bank. In the first place money resources—capital and surplus—give it financial strength.

In the second place—and perhaps even more important—are men, the officers and directors. They give the bank character, determine and execute its policies.

This is a strong bank, a helpful bank because it has ample resources, and a personnel of proven character and ability.

THE SOUTH MUST GROW ITS OWN FOOD

NO FARM SECTION CAN BUY ITS
FOOD AND GRAIN AND
GROW RICH.

Atlanta, Ga.—(Special).—“Few people in the South realize the enormous drain there has been on the South's wealth through the steady food and grain buying during the past fifty years. What's the greater pity of it is the fact that most of this money comes directly out of the farm pocket,” said H. G. Hastings, of Atlanta, Chairman of the Farm and Marketing Bureau of the Atlanta Chamber of Commerce.

“For fifty years or more the cities and towns of the Cotton Belt have been furnishing food and grain to the farmer instead of our farmers feeding the cities and towns. While the cities and towns have had the best of this unnatural business, it has really impoverished both country and city.”

“As nearly as can be ascertained, my own state of Georgia has spent in the last 25 years not less than two and one-half billion dollars for food and grain from the North and West, real hard cash money that ought to be sticking in our farmers' pockets. That money is gone never to return.

“It is no overstatement or exaggeration to say that twenty-five billion dollars of the South's money has gone that way in the last fifty years. It was good, hard worked for farm money. What we have been doing is spending our lives growing cotton, trading it off for bread and meat at no profit to ourselves.

“No use to ‘cuss’ the powers that be in Washington or the trusts, tariff, banks or speculators. They may have had a part but a mighty small part in comparison with the part we ourselves have played. The way to stop that drain on our pockets is to stop buying food, grain and forage and produce those necessary items on home acres.

“The time to start is now. Plans for 1924 are being made. Before a plow is stuck in the ground, food, grain and forage acres should be set aside. These acres should and must be first instead of last consideration. When these are fixed, then the farmer can go as far as he likes with cotton, tobacco or other cash crop safely.

“Give the home garden a chance in this food production. It's a wonderful helper in cutting store bills in half for the folks that will give it a square deal instead of the usual ‘lick and a promise,’ mostly promise. Start the food production procession in 1924, and a money procession will start toward your pocket.”

NOTICE OF ELECTION FOR COUNTY SCHOOL TRUSTEES THE STATE OF TEXAS

County of Milam.
To all Whom this May Concern:
By virtue of authority vested in me by law, I hereby order, and notice is hereby given, that there will be an election held on Saturday, the fifth day of April, A. D. 1924, by the qualified voters of Commissioner's Precinct No. Two, in said County, at the

Drink Water If Back or Kidneys Hurt

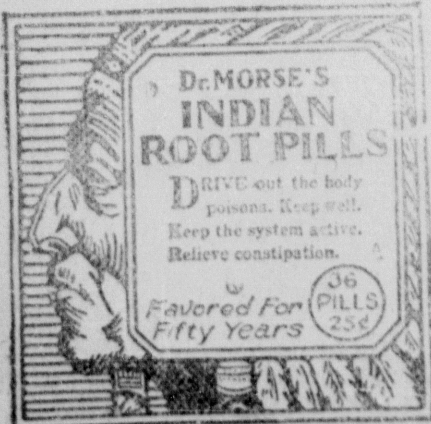

Begin Taking Salts if You Feel
Backache or Have Bladder
Weakness

Too much rich food forms acids which excite and overwork the kidneys in their efforts to filter it from the system. Flush the kidneys occasionally to relieve them like you relieve the bowels, removing acids, waste and poison, else you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated, obliging one to get up two or three times during the night.

To help neutralize these irritating acids and flush off the body's urinous waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders.

By all means, drink lots of good water every day. Have your physician examine your kidneys at least twice a year.

voting places in and for each Common School District in said Commissioner's Precinct, as follows:

(a) Minerva, Currie, Elm Ridge, Salem, Ad Hall, Big Elm, Maysfield, Branchville, String Prairie, Jones Prairie, Clarkson, Baileyville, Briary, Caddo for the purpose of electing one County School Trustee for the County at Large.

Said election shall be held at the same time and place and by the same election officers that hold the election for Common School Trustees in and for said Common School Districts; and the polls at said election places shall be opened at 8 o'clock a. m. and shall not close before 6 o'clock p. m.

JEFF T. KEMP,
County Judge, Milam County, Texas.

NOTICE IN PROBATE.

THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam State of Texas, and you shall cause said notice to be printed at least once each week for the period of

ten days exclusive of the first day of publication before the return day hereof:

NOTICE.

THE STATE OF TEXAS.

To all Persons interested in the Estate of Abbie E. Batte, a girl 13 years old, John S. Batte, a boy 12 years old, Dorcas Grady Batte, a girl 11 years old, Richard Lee Batte, a boy 8 years old, all minors, Mrs. Dorcas G. Batte has filed in the County Court of Milam County, an application for appointment as Guardian and for Letters of Guardianship in the Estate of the above named minors which will be heard the First Monday in April at the Court House thereof, in Cameron at which time all persons interested in said Minors may appear and contest said application, if they see proper.

Here fail not, under penalty of the law, and of this Writ make due return.

Given under my hand and seal of office, in the City of Cameron the 5th day of February A. D. 1924.

Attest: H. M. ROARK, Clerk,
County Court, Milam County.
By J. O. Hughes, Deputy. 40-3t

ELECTION NOTICE.

WHEREAS, the Ordinances of the City of Cameron require the holding of the regular annual election of officers for the City of Cameron, Texas, for the year 1924;

THEREFORE, be it resolved by the City Council of the City of Cam-

eron, that an election be held in said City of Cameron on the 1st day of April A. D. 1924, the same being the first Tuesday in said month for the purpose of electing the following officers, to-wit:

Mayor, Secretary and Treasurer, City Attorney, Assessor and Collector, Marshal and five Aldermen; and it is so ordered.

Said election shall be held at the City Hall, and the following named persons are hereby appointed managers of said election: Alex Triggs, presiding judge, and such other assistants and clerks as shall be appointed by said Alex Triggs to assist in accordance with law. The manner of holding said election shall be governed by the laws of the State of Texas, regulating general elections.

A copy of this order, signed by the Mayor of said City shall serve as a proper notice of said election; and the Mayor is directed to cause no-

tice of said election to be posted at the place designated for holding said election, and by printing in the Cameron Herald for at least thirty days prior to the date of said election.

H. M. HEFLEY.

Passed at a regular meeting of the City Council of the City of Cam-

Texas, on the 15th day of January A. D. 1924.
Approved January 15th, A. D. 1924.

J. B. WHITE, Mayor,
City of Cameron, Texas.
